

THE PARIS MORNING NEWS

PARIS, TEXAS, THURSDAY, SEPT. 2, 1920.

Member Associated Press

NUMBER 356.

ESTABLISHED 1869.

BROUGHT BY THE WIRES FROM ALL PARTS OF WORLD

By The Associated Press
Oklahoma and West Texas: Thursday and Friday generally fair.
East Texas: Thursday partly cloudy scattered showers in east and south portion; Friday generally fair.

By The Associated Press
New York, Sept. 1.—The New York stock exchange will be closed Saturday over Labor Day. It was announced today.

By The Associated Press
Chicago, Sept. 1.—Jim Park, Drumright Western Association pitcher, today pitched a no-hit no-run, no-first-base game against the Pawhuska team. Only two balls were put to the outfield. Park struck out 12 of the 27 men who faced him.

By The Associated Press
Memphis, Tenn., Sept. 1.—Petitions for the recall of Mayor Paine and his four associate city commissioners were placed in circulation today. The petitions allege negligence in the conduct of the various municipal departments.

By The Associated Press
El Paso, Sept. 1.—Dr. Paul E. Altendorf, ordered expelled from Mexico as a pernicious foreigner and refused admission to the United States as an undesirable alien, disappeared tonight for the second time within twenty-four hours.

By The Associated Press
Indianapolis, Sept. 1.—John L. Lewis, president of the United Mine Workers of America, late today issued an order for a general strike in the bituminous coal fields of Alabama. The orders followed a report made by the organization committee of the international executive board.

By The Associated Press
Fort Smith, Ark., Sept. 1.—The Sulphur Springs, Arkansas, State bank was robbed of \$2,750 in currency this afternoon by five men, armed but unmasked, according to F. O. Whaley, cashier of the bank, talking over long distance telephone tonight to a morning newspaper here.

By The Associated Press
London, Sept. 1.—The condition of Lord Mayor MacSwiney in Brixton prison tonight was without change, except that he appeared a trifle weaker. His relatives seem less anxious than they were a few days ago. Mrs. MacSwiney not paying her customary visit today.

By The Associated Press
Beaumont, Sept. 1.—Joe Mathes, for the past season and a half manager of the local Texas League club, tonight was elected president-secretary of the Beaumont baseball association at a meeting of the board of directors. A new manager will be signed for next year, it was announced.

By The Associated Press
Washington, Sept. 1.—Frank P. Walsh, chairman of the American commission for Irish independence, after a conference today with Secretary Colby, announced that Mr. Colby had promised "to endeavor to do something and do it quickly," in behalf of Terence MacSwiney, lord mayor of Cork, now on a hunger strike in Brixton jail, London.

By The Associated Press
Detroit, Mich., Sept. 1.—Complete returns from twenty-eight counties tonight indicated the nomination of Attorney General Allen J. Groesbeck as the republican gubernatorial candidate. Former Governor W. N. Farris was nominated for governor on the democratic ticket without opposition. Eight women were successful contestants, the returns indicated.

By The Associated Press
Brownsville, Sept. 1.—Purchase of advertising space in American newspapers here in behalf of the candidacy of Alvaro Obregon for president of Mexico was made today by supporters of that candidate. Space also has been purchased, it is said, in newspapers at Matamoros, opposite here. Obregon is opposed by Robles Dominguez, candidate of the Catholic party. The elections are planned for next Sunday.

By The Associated Press
Austin, Sept. 1.—Many county clerks of Texas did not comply with the provisions of the act of the thirty-fourth legislature which makes it the duty of county clerks to certify all nominations for district offices to the secretary of the state, according to a statement by the latter. The law provides that such certification be made before the fourth Saturday in August succeeding the general primary.

By The Associated Press
Kansas City, Mo., Sept. 1.—Granting of a demand of \$1.50 a day increase to day men in coal mines of the southwest was recommended late today by a subcommittee of miners and operators conferring here over new wage demands. The subcommittee is still considering other demands, it was said tonight. Action on the recommendation is now up to the general committee. Missouri, Kansas, Oklahoma and Arkansas are affected by the negotiations.

By The Associated Press
Austin, Sept. 1.—Express rates on laundry in Texas have been increased 156 per cent since 1914, it was declared by W. J. Johnson, secretary-treasurer of the Texas Laundrymen's Association, in arguing against an increase in express rates before the Texas Railroad Commission.
At the same hearing, Eugene Cherry, national executive committee member of the Laundrymen's National Association, declared that express charges on laundry amount to \$15.70 on each \$100 worth of business handled.

DEMOCRATS TELL COMMITTEE THAT TREASURY EMPTY

But Hope For Better Conditions In Near Future When Finance Bureau Is Organized

ON VERY HOPEFUL DAYS PUT TEXAS IN THE GOP COLUMN

White and Marsh Tell Committee They Believe Charges Made By Gov. Cox Are Truth.

By The Associated Press
Chicago, Sept. 1.—Officials of the democratic national committee testified today before the senatorial committee investigating campaign expenditures, that they brought no evidence from Governor James H. Cox to sustain his charges of a republican corruption fund, but that they believed the charges were true.

George H. White, recently elected chairman of the democratic organization, and Wilbur Marsh, its treasurer, both backed their candidate's assertion and in addition Mr. Marsh produced photographic copies of subscription lists to a republican book published by William Barnes of the Albany, N. Y., Evening Journal, which he said indicated a violation of the federal statutes forbidding political subscriptions by corporations.

Good Campaign Document.
Mr. Marsh told Senator Kenyon, chairman of the investigating committee, that the original lists were "either in the hands of Governor Cox or the department of justice." Asked why they had not been turned over at once to the attorney general's office for possible prosecution he replied "we considered them an excellent campaign document. Besides we have had them only about two weeks."

"Well," said Senator Kenyon, "if any of the signers of these lists have violated the law, they ought to be jailed no matter whether they are republicans or democrats."

Other witnesses today were Parley P. Christensen, presidential nominee of the farmer-labor party; Guy T. Scott, treasurer of the republican congressional and senatorial campaign committees and W. D. Jamieson, hold-over financial director of the democratic national organization. Mr. Jamieson appeared at a night session which was ordered in an effort to speed up the hearings.

Messrs White and Marsh agreed that the democratic coffers were practically empty but both hoped for better conditions soon. They said that the party as yet had no campaign committee, no financial committee and Mr. Marsh added that the heads of bureaus had not yet been appointed.

Camouflaged Democrats.
There was discussion about the Southern protective tariff association. The letter submitted from this organization asked that \$20,000 be collected in Texas at once and notations indicated that four democrats and eight republicans had already given \$1,000 each to the association. Mr. Marsh said any one contributing to a protective tariff association should be classified as a republican and used the term "camouflaged democrats" in this connection.

Senator Kenyon wanted to know if Mr. Marsh thought the republicans had any reason to spend money in southern states and the latter retorted that he had heard that the republicans expected to carry North Carolina and "on very hopeful days" extended this hope to Texas.
Senator Kenyon asked if the league to enforce peace was not spending considerable money in advocacy of the League of Nations and whether the witness thought the democratic national committee ought to do that work instead.

"If you mean the organization of which Wm. H. Taft is the head, I see no reason why we should undertake work that Mr. Taft is doing so well for us," replied the democratic officials.

The chairman suggested that large expenditures would not in themselves indicate corruption if the work itself was legitimate and when Mr. Marsh reiterated his opinion that what seemed reasonable to a republican was enormous in the sight of a democrat, the Iowa senator said:

Have Equal Advantage.
"Well the democrats have an advantage at the start in that they do not have to campaign in a dozen southern states."

"You have the same advantage in some other states," rejoined Mr. Marsh, "and no one knows them better than you do."

Go to Pittsburg.
Senators Kenyon and Edge announced tonight that the committee planned to complete its work here tomorrow and adjourn to some eastern city, possibly Pittsburg. There was no significance in the fact that Pittsburg, where Gov. Cox delivered his speech charging the republicans were seeking to raise a \$15,000,000 fund, was proposed, they said.

The committee had received no word tonight from Ed Moore of Ohio, who is reported in press dispatches as being en route to Chicago as Gov. Cox's personal representative with copies of all the evidence the democratic nominee has in support of his charges.
Democratic national requests for contributions from Federal office holders were sent under special delivery stamps for delivery at home instead of offices to avoid conflicting with the law. W. D. Jamieson, the on-laid amount to \$15.70 on each \$100 worth of business handled.

UPHAM DECLARES LARGE DONATIONS WERE NOT SOUGHT

Asserts That the Plan Disclosed By Gov. Cox Was Rejected By G. O. P. Committee

FORM 101 WAS PREPARED BY MAN IN HIS OFFICE

And Provided For Asking Subscriptions From Five to Ten Thousand Dollars In Amount.

By The Associated Press
Chicago, Sept. 1.—Fred W. Upham, treasurer of the republican national committee, issued a statement tonight in which he declared that when Governor Cox "charged the republicans were seeking subscriptions of \$5,000 to \$10,000 and quoted a document marked 'Form 101' as his proof, he was speaking of a plan which was never adopted."

"Form 101" called for such a plan, but was "never ratified or put into use and was expressly vetoed," according to the statement.
"The records in my office," said Mr. Upham's statement, "show conclusively that the statement of Governor Cox with reference to plans for increasing the limit of contributions is based upon a suggested plan which never was put into operation. The facts are simple and I have records to back them up."

"June 14 of this year, Harry M. Blair, of my office, prepared a tentative campaign fund which proposed abandonment of the plan previously adopted by the national committee to try to keep the limit of contributions down to \$1,000. This was in a document, Form 101, which Mr. Blair prepared and which provided that individual subscriptions of \$5,000 and \$10,000 be taken. Suggestions were made in this tentative plan definitely for city quotas."

"Mr. Blair brought this plan to New York where I was and proposed it, but it was promptly vetoed by the committee. It not only was not adopted, but was hardly considered. The committee was determined to try out the \$1,000 plan. So far as I have been able to learn, only one copy of it was ever sent out of my office and it was promptly returned."

The statement also said that July 5, 1920, Mr. Upham had issued a circular with reference to the financial campaigns calling attention to the fact that no subscription of more than \$1,000 was to be solicited and that contributions could not be accepted from corporations as it was against the law.

DEMPSY PUTS IN DAY OF REAL HARD TRAINING.

By The Associated Press
Benton Harbor, Mich., Sept. 1.—Jack Dempsey put in a hard day's training in preparation for his heavyweight championship contest with Billy Miske next Monday afternoon. He increased his sparring to eight three minute rounds with only half a minute rest between rounds instead of the regulation minute intervals.
Miske curtailed his training somewhat, as he was not feeling well.
The referee question remained unsettled tonight. Chairman Eigger, of his state athletic commission is expected tomorrow to confer on the question.

THE PENALTY FOR STEALING PAPERS

Jail Sentence May Be Assessed Where There Is Conviction For Offense

County Attorney Eubank informs The Morning News that it is in error as to the penalty for stealing papers. It is not merely a fine of \$5 but a prosecution for misdemeanor theft, carrying a heavy fine and jail imprisonment if the jury so finds.

The county attorney will receive the complaints and the Morning News requests the assistance of its subscribers in the matter of checking the evil. It will probably need them for witnesses; and will depend upon them to appear in court when summoned.
There is a new tale of this matter of stealing papers—a dog now figures in it. One of the Morning News subscribers stated that she was watching through the window, saw the carrier throw the paper, and shortly thereafter a man and a dog came down the sidewalk. She watched them idly, having no particular thought concerning either of them; when she saw the man wave his hand and the dog came to the paper lying on the lawn, picked it up and carried it to the man, who took it and calmly proceeded toward the city reading.

Wednesday morning a small boy was seen gathering. The Morning News on Ross avenue; but by the time the warning had been sent to the office and the circulator was able to reach it the boy had disappeared. There were only four complaints on non-delivery of the paper Wednesday morning; that small boy got the papers in at least two of the instances.
The Morning News earnestly solicits the assistance of County Attorney R. E. Eubank, John Brown, nominee of sheriff, Pete Dudley, Ted Biard, like Stephenson and Dudley Biard will leave this morning for Roebuck lake to spend a couple of days.

TO PRESENT DATA SUBSTANTIATING GOV. COX' CHARGE

Moore Declares He Has Documents Bearing On the Collection of the Campaign Funds

IF UPHAM TELLING TRUTH ARE TWO SEPARATE FUNDS

If Republican Party Could Be Indicted It Would Be Stuck Just Like Newberry.

By The Associated Press
Columbus, Ohio, Sept. 1.—E. H. Moore of Youngstown, Ohio, pre-convention manager for Governor Cox, will leave for Chicago tonight, as the personal representative of the democratic presidential nominee to be ready to present to the senate subcommittee investigating campaign expenditures, data to back up the governor's charge that the republican committee is collecting a campaign fund of \$15,000,000.

This announcement was made tonight by both Mr. Moore and Governor Cox after an all-day conference participated in by the nominee, Mr. Moore and Senator Albee Pomerene, democratic members of the investigating committee.
Whether he testifies before the committee, Mr. Moore said, is up to the committee itself. He stated that in case the committee did not see fit to call him, the data which he expects to take with him will be there in readiness. He added, however, that it probably will find its way before the committee in some manner.

Hunt Separate Fund.
Commenting upon the papers which the governor turned over to him today, and those which had come to him direct, Mr. Moore declared that "if Treasurer Upham is telling the truth, there is an entirely separate fund and we are going to find it."

Mr. Moore declared that if the men to be called in the investigation "deny or refuse to produce" evidence which he said will substantiate the governor's charges, he will present the evidence himself. He also declared that if those witnesses do not produce the evidence, he intends to call the matter to the attention of the department of justice.

"If the republican party were indicted, I would stake my reputation as a lawyer that the leaders would be convicted by a republican jury just the same as Newberry was convicted by a republican jury in Michigan," Mr. Moore asserted. Mr. Moore stated that he expected evidence to substantiate the governor's charges to come from the "paid representatives" of the national committee, in charge of collection of funds in their respective districts and also from the "unpaid state chairmen." He declared they were in possession of the facts.

Commenting upon the investigation and its progress, Mr. Moore asserted that charges have been made and denied, but that "the committee has not had the information to conduct a thorough cross examination of Chairman Hays and others." He intimated that the material which he is taking to Chicago in the form of documents and otherwise will furnish this information. He said that he probably will insist that both Chairman Hays and Treasurer Upham be recalled for cross examination.

Columbus, Sept. 1.—As part of the data which he will take to Chicago, Mr. Moore read the following extract from a letter purporting to have been written by one of the regional directors in the south to a man to whom Moore referred to as one of the "money diggers."

"I have been wondering if you will get any reaction from Senator Harding's speech of acceptance which charges the enfranchisement of the negro. We, of course, do not want to discuss the question of the situation but I would like to be advised if this stirs up any antagonistic sentiment in the southern States. This is a paraphrase intended as a sop to the voters of the central western industrial States.
"Keep an eye on Birmingham for there's where the real money lies."

This letter was said to have been written on stationery of the republican national committee, 11 West Washington street, Chicago.

GOMPERS SAYS OPEN SHOP REFERENDUM DISHONEST

By The Associated Press
Washington, Sept. 1.—The "open shop" platform recently adopted by the chamber of commerce of the United States by a referendum vote was attacked as a "dishonest document" been taken out of its hands and that made public tonight which said the executive council of the American Federation of Labor had considered the platform at a recent meeting.

"The entire declaration is a cunning device calculated to create the impression of fairness while wielding the favorite weapons of treachery," Mr. Gompers said. "It is calculated to banish trade union organizations while erasing the impression of acquiescence in the actual desire of the workers.
The open shop plank of the committee report advocated by the chamber was characterized by Mr. Gompers as "a direct challenge to the trade union movement coming from the heart of America's financial power."

Leave For Roebuck Lake.
A fishing party composed of County Attorney R. E. Eubank, John Brown, nominee of sheriff, Pete Dudley, Ted Biard, like Stephenson and Dudley Biard will leave this morning for Roebuck lake to spend a couple of days.

Dallas Cotton Conference Adopts 4-Plank Platform

By The Associated Press
Dallas, Texas, Sept. 1.—A four plank program became embodied in resolutions adopted here today at a general cotton conference participated in by over eight hundred farmers, bankers and merchants of Texas.

A gradual and rational selling plan for cotton, bonded cotton warehouses in every cotton growing precinct in Texas; the abandonment of the lower grade of cotton to the soil as an energizer; and a curtailment of the acreage devoted to cotton in the state by fully one-third were offered as panaceas to cure what conferees term the present economic stress in the cotton growing countries.

Resolutions embodying such a program were adopted. Resolutions were also adopted endorsing the plan of organization of the American cotton association and charged that organization with the task of carrying through the program by statewide organization of effort.

Meeting One of Many.
The conference in Dallas today was similar to meetings held throughout cotton growing sections Wednesday. The meeting here was organized with J. A. Kemp of Wichita Falls, chairman and E. F. Shropshire, secretary of the Texas division of the American cotton association, secretary. Nathan Adams, president of the Texas division, presided and delivered the opening address.

The sum of \$10,000 was pledged to carry out the organization campaign in Texas, a considerably larger sum being tentatively pledged.
F. W. Jackson of Collin county introduced to the conference as a "real farmer" a sympathetic conferee from a number of the conferees when he charged that he had heard all about "how banks can and will extend credit" to aid farmers in moving their crop, but that he had been unable to "get any money."

Farmer Could Get No Money.
He declared he was unable to get

money from banks when he offered as collateral low grade cotton worth ten times the amount of his note and that he finally put up \$21,500 worth of government bonds to get \$20,000 he needed.

"I want to see the farmer that can wait forty to sixty days while he is complying with all the red tape necessary to get a loan under the system as outlined here," declared Mr. Jackson.

Upon admission of Mr. Jackson that his cotton was held in a compress, that it was insured and that he held way bills as receipts, Mr. Kemp explained that "for liquid credit it is an absolute necessity that cotton be housed in warehouses according to a uniform plan with uniform receipts."

He agreed, however, that money was tight and that frequently it has been impossible for men to obtain meritorious loans.

Three members of the conference opposed the resolution adopted, one gray bearded farmer in the audience exclaiming:

"We have been resolving for twenty years and we haven't got anywhere yet."

\$21.70 Fair Seed Price.
C. C. Littlejohn of Fort Worth, representing the Cotton Seed Crushers' association of Texas, found himself the center of inquiry when he took the platform to extend an invitation for the meeting to appoint a committee to confer with representatives of that association. He was asked from the floor to explain alleged discrepancies in prices paid for cotton seed "now and those in 1919 and make a voice of 'don't let us be taken in by higher costs,'" shouted from the floor, when he explained the decrease of prices in 1920 on that basis.

What was termed the "fair price"—\$21.70 for cotton seed carloads, was agreed upon at a latter meeting between a committee from the earlier conference and a committee of the cotton seed association.

COTTON PROGRESS UNSATISFACTORY

In General, According To Report of the Government That Was Published Yesterday

By The Associated Press
Washington, Sept. 1.—In general cotton continued to make unsatisfactory progress, although as in the preceding week development was satisfactory to excellent in some of the eastern localities, according to the national weather map and crop bulletin issued today by the department of agriculture.

Progress varied from poor to fairly good in Oklahoma but insect pests are numerous in the south central section and dry, warm weather is much needed. Cotton was injured in portions of Texas by heavy rains and poor progress was reported from Arkansas owing to lack of sunshine and continued showery weather.
The crop made fairly good progress in the Delta counties of Mississippi but irregular and mostly poor elsewhere while further deterioration occurred in many localities in Louisiana due to unfavorable moisture conditions and insect ravages. Progress and condition were fairly good in northern Alabama but elsewhere mostly unsatisfactory.

Some improvement was reported from Georgia, but the condition is still poor in that State and the plants are not fruiting well. Conditions and progress are fairly satisfactory in the Piedmont section of South Carolina, but rot, shedding and rust are increasing in the central and southern portions with some weevil damage.

Cotton made excellent progress in North Carolina except in the southern portions where heavy rains fell. Picking is becoming general in Georgia and southern Alabama, and has begun in South Carolina. This work has made slow progress in Louisiana and has delayed in Texas.

Weevil continue numerous and damaging in many sections of the belt.

SECRETARY FOR PARIS YWCA IS ASSURED

Another interesting Y. W. C. A. meeting was held Tuesday afternoon. Several posters were finished. These posters are to be placed in the stores where they will serve as an invitation to all.

A program of songs and readings followed the supper. The special number of the evening being a most enjoyable reading by Miss Griffiths.
During the business session a letter from Dallas headquarters was read. The news contained was very interesting as it showed that Paris efforts had been noted by the Y. W. C. A. headquarters. A secretary is now an assured fact.

Will Arrive This Morning.
A message received from Whitesboro last night stated that the body of A. F. Hulet, who was fatally injured by falling from a telephone pole at Vernon had reached there and that it would arrive in Paris this morning. The hour for the funeral will be announced later.

Condition Improved.
Constable Ed Bell, who was summoned to Stamford Monday by a message stating that his sister was at the point of death, telegraphed his wife yesterday that her condition was greatly improved.

POLAND ASSURES WASHINGTON SHE WONT TRANSGRESS

Upon Russian Territory Further Than Is Necessary To Make Bolsheviki Stay Out

EXPRESSES GRATITUDE FOR NOTE TO ITALIAN MINISTER

In Which United States Made Statement of Our Position Toward Government of Poland.

By The Associated Press
Washington, Sept. 1.—Entire satisfaction was expressed today by state department officials with the formal reply of the Polish government to the American note requesting a Polish declaration to abstain from transgression of Russian territory.

Poland is understood to have replied that strategic operations must govern the halting of her armies in their pursuit of the Bolsheviki at the frontier line of Poland tentatively fixed by the supreme council. Suggestion has been made by the American government in its note that Poland make clear that her intentions toward Russia were not imperialistic and that her armies should not advance beyond the ethnographic line laid down by the supreme council.

Announcement was made at the state department late today that the American and Polish notes would be made public at once, but this plan was cancelled later, the reason not being given.

Poland Is Gratiified.
The first portion of the reply consists of an expression of gratitude of the Polish government at the attitude assumed by the United States in the American note to the Italian minister on the Russo-Polish situation. The second portion, which is a memorandum addressed to Prince Lubomirski, the Polish minister here, and which also was delivered to the state department, served as the specific reply of the Polish government to the American note.

While insisting that the Polish government is in entire accord with the United States in the contention that Russian territory should be respected, the note declares that Poland is forced to consider the serious consequences likely to ensue from the abandonment of the present offensive against the Bolsheviki upon a fixed line without separate guarantees.

Officials of the state department have described the position of the United States toward the Polish advance as "a midway" between that of France and Great Britain.

The position of Great Britain is understood to be that the Polish armies should immediately halt upon the frontier line now reached, while France has contended that the armies should advance until a strategic point beyond the line was attained. It is believed that the United States now takes the position that the Polish armies may continue to press their attacks upon the Bolsheviki, even if the frontier line should be crossed so long as assurances are forthcoming that Poland's intentions toward Russia are not imperialistic and that her armies would be withdrawn later to the line when all danger from a Bolshevik offensive had passed.

NATION WIDE CAMPAIGN AGAINST RAT IS PLANNED

By The Associated Press
Corpus Christi, Sept. 1.—Plans are being made by the United States Public Health Service to inaugurate a nation-wide campaign against the rat, according to Dr. H. C. Hall, plague commissioner here, in a speech before the city council of Corpus Christi, in which he declared the rodent was the greatest pest of the country. Not only does it cost \$4 a year to feed each rat, Dr. Hall said, but because the Norway rat, which is gaining a rapid foothold in some parts of Texas, carries a flea whose bite transmits bubonic plague to human beings, their presence is an actual menace to humanity.

"If Norway rats have plenty to eat they increase rapidly," Dr. Hall continued, "each adult pair having from five to six litters annually, each litter averaging 14. The Norway, or ship rat, is the most ferocious of his tribe and drives away all other varieties of rats. There are authentic cases of Norway rats having defeated rats in fair fight and they have also killed snakes."

"It is the Norway rat which has caused farmers to complain of incursions into their crops. I have seen them climbing corn stalks to chew the young, green corn and they also nibble off cotton bolls. A farmer came to me with a story that I privately disbelieved. He offered to prove his statement and I went with him to his sweet potato patch where we obtained a hiding place just about sundown at least one hundred rats came into the field and began burrowing into the ground after potatoes."

In attempting to exterminate rats, the greatest difficulty experienced by health officers, Dr. Hall said, was in overcoming the menace of the garbage can. He urged that all communities, especially small cities and towns, exercise greater care in enforcing rules providing for securely covered containers for all garbage as a means of preventing the thriving and multiplying of rats.

Building Plans Received.
The ground floor plans for the new Texas Midland passenger depot at Paris were received yesterday by B. L. Aldis, the station agent. Work is expected to be commenced next week.

TWO GOOD GAMES IN PROSPECT FOR PARIS

Snapp Will Make Sunday and Labor Day Memorable To Base Ball Fans Hereabouts

Unless all signs fail Mr. Earl Elmer Snapp is going to have an overflow crowd in his ball yard on Monday next, when he introduces his newest pitching phenom, Mr. Watson. Mr.

Watson sends in word to the effect that his arm is off at the shoulder instead of at the elbow, as stated in the news. A clipping from an Oklahoma paper also carries the information that this one-armed marvel can do something besides pitch. In a recent game against Heavener, Oklahoma, Watson went way back and speared one in left field with that one mit, and the catch was such a sensational one that the fans contributed something like fifty shekels to Mr. Watson's exchequer as a reward. Watson is billed to pitch the Monday game, while Tucker called by his mates Dan Tucker, will hurl the Sunday contest. This Tucker person is some pitcher himself. He is

now pitching at Muskogee, where they are hiring big league talent of St. Louis or any other old place they can get it. Snapp took Tucker to Muskogee and intends to fetch him back safe and sound for Sunday's battle against Dallas. With the two Coyleys, Bross and Lawson to help out the home talent Mr. Snapp will have a whole of a bill club to combat Mr. Lee Ballifant's all-star collection. Ballifant is bringing the best talent to Paris that Dallas and the amateur ranks affords. His pitching ace include Taylor, who pitched several games for the Dallas league club and Ikard, who could get a job with the aforementioned professionals any time he wants it. Ballifant will have a great ball club and it is his earnest desire to cop the two games. Lee had the misfortune to kick away a couple of games while playing with Paris, and he wants to show the local fans that he is not only a good player himself, but that he travels in fast company. The fans are in for two corking good contests, both on Sunday and Monday, games that will be well pitched and well played. Tucker will probably be opposed by Taylor in the Sunday matinee, while "Stump" Watson will very likely be called upon to subdue Mr. Ikard. The games hereafter will start at 3:30 instead of 4 o'clock, so the fans please take notice of the change in starting time.

Cord Wood for Sale.
I have some good cord wood for sale. See me at Powderly, Texas.

CORPORATIONS CANNOT BUY SCHOOL LAND FROM STATE
By The Associated Press
Austin, Sept. 1.—Corporations are not entitled to be substituted on the books and records of the general land office as purchasers of public free school lands from the State, regardless of the fact that such lands may contain minerals for the mining of which such corporations have been incorporated, according to an opinion of the attorney general rendered to the land commissioner. The attorney general brought out, however, that there is nothing to prevent corporations from purchasing such lands from an individual after the latter has completed the purchase from the State. In another opinion the attorney general held that anyone who leases university lands from the State for oil and gas production purposes, is liable to the State for the sum of \$2 an acre when the lease is executed and for a like sum annually thereafter, payable in advance, during the life of the lease. In this opinion the attorney general held that the university lands are not included in the act of the last legislature which provides that after oil has been discovered on State lands a lease upon the whole survey or tract may be obtained without additional money.

And Kerr Lost Also
Boston, Sept. 1.—Boston made a clean sweep of its three game series with Chicago today.
Score:
Chicago 020 000 000—2 9 3
Boston 000 123 000—6 11 0
Kerr and Schalk; Scott, Penneck and Schang.

Mays Was Brilliant.
New York, Sept. 1.—New York shut out St. Louis today. Carl Mays pitched a brilliant game and was accorded fine support.
Score:
St. Louis 000 000 000—0 4 2
New York 020 000 000—2 7 1
Wellman and Seeverd; Mays and Ruel.

Cleveland Wins Top.
Washington, Sept. 1.—Cleveland was able to conclude its eastern invasion in first place by defeating Washington today, while Chicago lost to Boston.
Score:
Cleveland 231 120 000—9 14 1
Washington 310 000 100—5 7 2
Mails, Morton and S. O'Neill; Acosta, Zachary, Courtney and Gharity.

Four Hits Did It.
Pittsburg, Sept. 1.—Pittsburg again defeated New York today. The visitors scored all their runs in the 4th inning on four hits.
Score:
New York 000 300 000—3 11 1
Pittsburg 100 030 000—4 10 0

WOLFE WILL NOT BE A CANDIDATE
By The Associated Press
Dallas, Sept. 1.—In response to solicitations of friends M. H. Wolfe, chairman of the State democratic executive committee, said today that under no conditions would he be willing to accept the chairmanship of the State democratic executive committee for another term. "Two years ago," said Mr. Wolfe, "when I accepted the place of State chairman both prohibition and woman suffrage were hanging in the balance, but since that time these two important measures have become part of the organic law of the land. I have never had any political ambitions and do not want office of any sort. My only desire being to perform the best service possible to my fellowman in the ranks of the private citizen and for that reason I must ask my friends not to present my name to the State convention which meets in Fort Worth next week."

FARMERS HOPE FOR CONTROL OF WHEAT
Conference in Ohio Discussing the Building of Elevators for Holding the Crops
Columbus, Ohio, Sept. 1.—Formation of a gigantic wheat pool in the United States, whereby the farmers will virtually control marketing and selling the grain, is one of the more important subjects to be planned here by farmers who are attending a three day session of the national board of farm organizations. More than 15 farmers, representing the board, practically every agricultural state in the union, are in attendance. The board of farm organizations now controls 150 grain elevators in the country and does a yearly co-operative business of \$2,000,000, according to officials. Plans are to take over, or build, grain elevators at every point where wheat is shipped. It will be possible, it was said, to control forty percent of the country's wheat output. "Profits will be stabilized and prices to the consumer greatly reduced," said Charles S. Barrett, president of the organization.

TENNESSEE FEUDIST IS ACQUITTED BY THE JURY
By The Associated Press
Chattanooga, Tenn., Sept. 1.—Caney Cook, who during his trial for the killing of James Powell at Flat Rock church on Sand Mountain on June 10, 1909, declared his voluntary surrender to the Fort Payne, Ala., authorities several weeks ago was in atonement for his sins, was acquitted by a jury here late today. The killing of Powell and the wounding of his son, Isaac, grew out of a family feud which originated over the possession of M. V. Cook's baby, James Powell's grandchild, which, on the death of Cook's wife, had been given her sister. A duel was fought in a churchyard. M. V. Cook served 10 years in prison for his part in the affair but Caney Cook fled to Texas where he prospered and was recently licensed to preach.

SAYS TENNESSEE CANNOT GO BACK ON SUFFRAGE
By The Associated Press
Chicago, Sept. 1.—Mrs. Harriet Taylor Upton, vice chairman of the republican national committee, today told a conference of republican leaders from Mississippi valley States that she had been assured by Secretary of State Cobby and Assistant Attorney General Pierson, that there was no way in which the Tennessee legislature could nullify its ratification of the suffrage amendment. The information was given her, however, she said, before the action yesterday in which the legislature voted to expunge from its records its ratification action.

TWO VOTING PRETEXTS HAVE MADE NO RETURNS
Election returns from Faulkner and Tinnins, two small boxes that are in the northeast part of the county, did not come in yesterday and unless they reach here by 12 o'clock this afternoon their votes will not be counted in the official returns. The executive committee will meet at that hour to canvass the vote and Secretary Neville has the tabulation all ready to close up.

IRISH ARGUMENT HAS THE USUAL RESULTS
By The Associated Press
A gang of Irish hark board laborers today debated the hunger strike of Terence Swiney, lord mayor of Cork, and one went to the hospital with a deep gash across his shoulders inflicted with a shovel and another was arrested on a charge of assault to murder. J. J. McBarriem, the injured man, according to W. L. Myrick, who was arrested, replied to a remark that it was "a shame to let that had Mac-Swiney be starving himself in a British prison," that it was "none of your business."

MEXICAN ELECTION COMES NEXT SUNDAY

President De La Huerta Delivers Message To the Congress Which Has Just Met

By The Associated Press
Mexico City, Sept. 1.—Provisional President De La Huerta tonight delivered his message to the 29th legislature which was installed Tuesday evening.

The message treated briefly the recent movement which resulted in the downfall of the Carranza government and also the aims of the present administration. New legislation suggested for enactment includes increasing the responsibility of the president and the ministry and the adding to the list of impeachable offenses misappropriation of national funds.

Other legislation requested includes the formation of a department of labor and Sunday rest for workmen. The re-allotment of land throughout the republic and votes for women also were suggested. The status of the petroleum legislation controversy was treated in general terms.

General Manuel Garcia Vigil, leader of the Liberal Constitutional party, was elected president of the chamber of deputies and Carlos B. Zetina, president of the senate. General Virgil is one of the strongest supporters of General Alvaro Obregon, candidate for the presidency of the republic elections for which are to be held next Sunday. Alfredo Robles Dominguez is the national republican candidate.

SKELETONS MAY BE THOSE ARMY SERVICE DODGERS
By The Associated Press
Corpus Christi, Texas, Sept. 1.—Skeletons found recently on an island 14 miles southeast of Corpus Christi, may have been those of a party of men who, during the late days of the civil war, left their homes in the western part of Hunt county and started for Mexico to evade army service, according to a new theory advanced by J. B. Briscoe, of Pecos, Tex., in a letter to Gordon Boone, mayor of Corpus Christi.

Mr. Briscoe's letter said, in part: "About the first of April, 1865, a bunch of men, 38 I think, left the west part of Hunt county to go to Mexico to keep out of the war and not one of them ever has been heard from since. I am quite sure they all were murdered before they reached Mexico. They started from my wife's father's house and she is the last living person who saw them start. I was in the army at the time and did not get home until the last of May. It is possible that those skeletons may be the remains of those men. Several of them were married and some of their wives lived as widows for fifteen years before they remarried."

MOVIE MEN WOULD PUT GALVESTON IN BAD
By The Associated Press
Galveston, Texas, Sept. 1.—An effort to prevent the showing on the screen of what Galveston citizens term the "movie debut" of Texas National Guardsmen, here in the enforcement of martial law in connection with the longshoremen's strike here, is being made by civic organizations here. It is declared that sham riot scenes and arrests of bootleggers were staged for the benefit of camera men and appeals to the film company and Gen. Jacob F. Wolters, commanding at camp Hutchings, have been made. General Wolters informed a committee which had protested to him, that he had given sure motion picture representatives permission to film military activities at Camp Hutchings and in the downtown district but declared he was unaware that sham street fights had been staged. He telegraphed the film company asking that the pictures be not shown, stating that the scenes described to him would give the public a wrong impression of the situation which existed in Galveston.

IRISH ARGUMENT HAS THE USUAL RESULTS

SOCIETY and Club

Maude Neville, Telephone 869.

Phelps-Hutcherson.

A wedding of unusual interest occurred at Quinlan Tuesday morning, August 31, at 9 o'clock, when Miss Edna Phelps, youngest daughter of Mr. and Mrs. Lewis F. Phelps, became the bride of Rev. Edward S. Hutcherson of Paris. The spacious double parlors of the Phelps home were decorated with lovely ferns and cut flowers, carrying out a color scheme of green and white. Preceding the ceremony Miss Zula Winkler of Dallas sang "Love's Coronation." The bride and groom, attended by Mr. and Mrs. Homer Phelps, entered to the strains of Mendelssohn's wedding march, played by Mrs. Eary Smith of Fort Worth. The Rev. W. R. White of Fort Worth officiated with the ring ceremony.

The bride wore a handsome suit of brown and peach-bloom, beautifully braided and fur trimmed with hat and accessories to match. She carried an arm bouquet of bride's roses and maidenhair ferns. Mrs. Homer Phelps wore a coat-dress of navy tricot, lavishly embroidered in tan and blue. She wore a corsage and American beauty roses.

As the guests entered the reception hall they registered in the "Bride's Book."

The bride comes of one of the oldest and most highly respected families of the State and is prominent in church and social affairs in her town. She has a charming personality and is a talented artist. The groom is the son of Mr. and Mrs. J. S. Hutcherson of Palestine, Texas. He is an earnest, ambitious worker in his chosen field.

Immediately after the ceremony, Rev. and Mrs. Hutcherson left for Denver and other points of interest in Colorado. After September 20th they will be at home on Seminary Hill, Fort Worth, Texas.

Out of town guests to the wedding were Mr. and Mrs. Homer Phelps of Ada, Ok., Mr. and Mrs. Jack Conger of McKinney, Mrs. Earl Smith of Fort Worth, Miss Zula Winkler of Dallas, Mr. and Mrs. Clax Smith of Greenville, Mrs. J. D. Henly, Mr. H. M. Weldon of Greenville.

Neville-Leigh.

Miss Virginia Neville, daughter of Mr. and Mrs. A. W. Neville, and Mr. Charles Wilcox Leigh were married at half past two yesterday afternoon at the home of the bride's parents, 159 North 16th street.

Only the immediate family and a very few intimate friends were present to witness the double ring ceremony, performed by Rev. H. G. Hennessy, rector of the Church of the Holy Cross.

Mr. and Mrs. Leigh left on the afternoon train for Navasota, where Mr. Leigh's mother lives, and other South Texas points, before returning here to make their home.

Jolly Party Given.

On Tuesday evening last, Norris and Martin Strickland entertained with a lawn party at their home on West Sherman street, about thirty guests being present. The time was pleasantly spent and various games were played. A fortune teller, with predictions for the future, was one of the features of the affair.

Cream and cake were served for refreshment. Misses Lois Brackeen and Ruth Park assisted in entertaining the guests.

Week-End Forty-Two Club.

The Week-End Forty-Two Club meets tomorrow afternoon at half past two, at the home of Mrs. F. W. Ramsey, 157 West Kaufman street.

PERSONAL.

Mr. and Mrs. H. F. Aldis of Jacksonville, Tex., who have been visiting the family of their son, B. L. Aldis, returned home yesterday afternoon. Masters Joe and Aldis Douglas accompanied them.

M. E. Peyton's family has moved from Bogata to Paris, and are occupying their home at 235 Clarksville street, formerly the P. A. Hooker home.

Mr. and Mrs. R. E. Stevens arrived Tuesday evening after an extended trip to Denver.

Mr. and Mrs. S. W. Williams and daughter, Mrs. Gooch returned yesterday after spending the summer in Colorado Springs.

Miss Mary Argyle Wynne has returned from Western Texas, where she has been spending her vacation with her father.

Mrs. Will E. Hubbard and two little boys of Sweetwater are visiting Postmaster A. G. Hubbard and family.

Mr. and Mrs. J. N. House have gone to Henrietta on a short visit to an aunt of Mrs. House.

Mrs. Ewing Ellis, who has been visiting her father and sister, returned to Sherman yesterday.

Mrs. F. M. Stark has moved to 139 Grand avenue.

SMOKE CIGARETTES FOR YOUR HEALTH

Cigarettes Now Being Made Without Cubels or Tobacco. No Nicotine—Nothing Habit Forming.

Contain Fragrant and Soothing Medicinal Herbs Which Smoke Perfectly.

This cigarette gives out a medicated vapor, which is inhaled and exhaled through lips or nose, with real contentment.

Not only does the smoker derive more pleasure, but there is a valuable remedial benefit. These cigarettes are an aid in warding off colds and give relief in throat irritations, hoarseness, catarrh of the head or throat, often stopping those roaring, buzzing or other head noises, of which colds and catarrh are the cause.

Dr. Blosser's cigarettes contain no cubels, tobacco or habit-forming drugs and will not produce nervousness. Cost no more than other good quality cigarettes and at the same time you have a health benefiting, harmless, delightful-smoke, that carries its medicated vapors into every nook and corner of the air passages, clearing up the head, nose and throat and enabling you to breathe freely and naturally.

Any well-stocked drug store can supply Dr. Blosser's Remedy in Cigarette form, or will order it for you. It is also prepared in powder form for smoking in a pipe. A trial package will be mailed post-paid by The Blosser Co., D.H. 27, Atlanta, Ga., for ten cents (coin or stamps) to prove what a delightful, soothing, satisfying smoke is—Adv.

Church News

Rev. F. L. Young Returns.

Rev. F. L. Young, pastor of the Church of Christ, has returned after a summer most successfully spent in conducting revivals at Whitewright, Roxton, Hillsboro and Moore's Springs. They were all well attended and the results far beyond expectations.

He announces the beginning of a meeting in West Paris for the 12th of September, and it is expected that this will be as profitable for the church as were those held elsewhere.

To Have a Stand at the Fair.

The Woman's Missionary Society will have a stand at the fair next week and solicits the patronage of the public. The ladies are planning to make this enterprise one of the best they have undertaken, and are expending every effort towards its complete success.

"Service."

Sunday evening's meeting of the First Methodist Epworth League promises to be one of unusual interest. "Service; Little Things Versus Big Things" will be the subject of the program, planned by Wood Patrick, who attended the recent Epworth League conference, as a delegate from Austin, where he is a University student.

He arrived in Paris last Saturday night, for a brief vacation with his parents, Mr. and Mrs. A. H. Patrick and family, before returning to Austin for the coming term.

Earnest Workers' Announcement.

The Earnest Workers of the First Presbyterian church will meet Friday afternoon at 3:30 at the home of Mrs. Sam Hodges, 347 West Kaufman street. A full attendance is requested.

Girls' Lightbearers Band.

The Girls' Lightbearers Band of the Central Presbyterian church meets this afternoon at four o'clock at the church.

Despondency.

Sufferers from indigestion are apt to become discouraged and feel that complete recovery is not to be hoped for. No one could make a greater mistake. Hundreds have been permanently cured by taking Chamberlain's Tablets and can now eat anything that they crave. These tablets strengthen the stomach and enable it to perform its functions naturally. If you have not tried them do so at once.

Died of Diphtheria.

The two-year-old daughter of Sheb Dean, a young farmer of the Sumner community, son of Dr. W. N. Dean, died Tuesday afternoon. The child first had whooping cough, and while suffering from it was attacked with diphtheria.

Able To Leave Hospital.

A letter from California states that Dr. Guy Morgan has recovered sufficiently to be moved back from the hospital to his apartments, but that he is still very weak.

Married Last Sunday.

Wallace W. Griffin and Miss Mamie D. Williams were married by Dr. Ben M. Edwards last Sunday afternoon.

Authorized Collectors. Authorized collectors for the Paris Morning News are: R. H. Hart, Bookkeeper; J. W. Cannon, advertising solicitor; Harry R. Cox, advertising solicitor; Frank H. Hubert, city circulator; and David Hodges. Payments should be made to no one else.

COMMENTATORIAL

IT IS A LESSON which Lamar county should bear in mind that the road contractors have refused to sign their contract and have caused a lengthy delay in the road building program. The people of the county are disappointed. They had anticipated that the long delayed project of good roads would be at least under way by this time; and inasmuch as the condition which had been imposed had been complied with by the county they had a right to expect it.

There should be such safeguard that bidders for contracts will be held responsible in monetary damages if they do not comply with their implied contracts and cause needless delay.

THE OKLAHOMANS have pulled off two lynchings within the week. It is evident that respect for the law is not one of the strong points in the makeup of the citizens of Oklahoma.

They will surely pay for their disregard and their disrespect for the law. No community can throw aside the rules which it has had its part in adopting and not pay the penalty. Paris will for years to come be paying the price for the act of a few men; even as other communities in Texas have paid a similar price. Because of the circumstances surrounding the Paris case, the price we are paying and will pay in the future will be even bigger than that which other communities will pay.

THE LAW is to prevail hereafter in Lamar county. With the solemn pledge of the citizens of this county that there will never be another lynching within the county, we may be assured that there will be none; and that we shall regard the laws.

The officials elected are those who must be held responsible if the laws be not enforced and if they fall into disrepute. They seek that responsibility and in their oath they fully accept it. They declare under oath, in effect, that they will enforce the statutes without fear and without favor.

Little Stories For Bedtime

Peter Rabbit Hurts a Foot.

By THORNTON W. BURGESS.

Peter Rabbit was dodging this way and dodging that way while behind him ran Bowser the Hound, making a tremendous noise with his great voice. Of course all the little meadow and forest people heard Bowser, and they knew just what it meant. They knew that Peter Rabbit was doing just as he had said he would do, and was leading Bowser the Hound to the hiding place of Reddy Fox. Now we shall have some peace in the Green Forest," said Johnny Chuck as he sat on his doorstep and listened to Bowser's great voice. "I do hope that no harm will come to Peter Rabbit. It would make me dreadfully nervous to know that Bowser was following my tracks like that. I suppose that Peter Rabbit is so used to being chased that he really doesn't mind," he added.

To tell the truth, Peter wasn't so very much worried over Bowser the Hound. He had fooled Bowser so often that he had no fear that he would not be able to fool him again. Then there was the old brier patch into which he could run if Bowser got too near. Bowser never, never could catch him there. What worried Peter was the dreadful duty which had been given him to do by the other little people of the Green Meadows and the Green Forest. He was to lead Bowser the Hound to the hiding place of Reddy Fox, so that Bowser would tell his master and then his master would stop hunting and putting the lives of all little meadow and forest people in danger.

But Peter Rabbit couldn't bear to think of being the one to give up Reddy Fox, so instead of going right straight away to the hiding place of Reddy Fox, Peter played hide and seek with Bowser among the bushes on the edge of the Green Forest, trying to think of some way to save Reddy Fox. He was thinking so hard that he did not look sharply where he was going. Suddenly a sharp pain in his left hind foot made Peter squeal right out. He had stepped on the ugly barb of a piece of wire fence hidden in the long grass.

"My, how his foot did hurt! Peter sat down and looked at it. It was bleeding, and he felt as if he just couldn't step on it. But there was Bowser the

there is a statute against murder, and lynching is nothing but murder.

THE LAW must be upheld. If it is a bad law, then have it changed. If it be a law which should not prevail, bring the matter to the attention of the legislature.

But no official has a right—no citizen has a right to say that they will not enforce or observe a law, whether it be statute or ordinance.

We of America occasionally have an obnoxious law; and if it be a bad law then we know how to get it repealed.

If it be a law which some of us believe is bad and others of us believe is good, then the officials should rigidly enforce it and make the test to determine its merits and its demerits. But they have no right and no authority to suspend it.

THE WATER BONDS will be voted, without doubt; but there should be organization to the end that the bonds be voted by an overwhelming majority.

It may be that we shall have to buy those bonds ourselves in order to proceed with the work as speedily as it is deemed necessary.

In the road work we have noted the effect of dilatory procedure—the roads are not yet constructed; and goodness knows when we shall have the system which we are all so fondly hoping for.

With the water situation there should be a campaign of not only having the bonds voted; but that plan should comprehend the sale of the bonds in such amounts as may be needed for the work, as rapidly as the occasion will require.

LIBERTY BONDS were sold to us because it was a matter of patriotism. Well, these water bonds are also a patriotic matter.

Without water we perish. It is a necessity. We have some water—a little bit, sufficient because we have had an unusually wet summer.

But the city has grown to the point where we may no longer claim to have anything like an adequate supply. And we know it.

We are paying the penalty right now because in times past we have not proceeded to a solution of this most important problem. But we are going to do it now.

STATE DEPT. SITS TIGHT ON SUFFRAGE APPROVAL

By The Associated Press. Washington, Aug. 31.—State department officials in the absence of Secretary Colby hesitated to express an opinion as to the effect on suffrage ratification of the action of the Tennessee house in reconsidering its vote on the ratification resolution and then voting not to concur in the senate's ratification. It was said unless the Tennessee governor should rescind his certification or unless the certification should be declared invalid by the courts, the state department has no interest in the matter.

France soon may have no Sunday papers. A law, favored by pressmen and other workers of the papers, is being considered. It would place heavy fine for publication between 6 a. m., Sunday and 6 a. m., Monday.

WELDING BEYOND

RUST IN THE COTTON FIELDS NEAR AMBIA

Said To Be Stopping the Blooming of the Plant—Damage By Insects

W. R. Douglas of Arthur City stated that in the cotton fields along the river in that vicinity a great many squares and small fruit up to about as large as the end of the finger were falling off. Sharpshooters—a little, long, keen worm—in his opinion were doing the damage by destroying the buds and small fruit. There hadn't been any bollworms and it was too late for them.

Some of the buds showed that they had been punctured before they bloomed, but there were no grubs in them. The purpose of the weevil in puncturing a bud is to deposit an egg, and from the fact no grubs were found indicated that the punctures might have been made by the sharpshooter or something else besides the weevil. Cotton was blooming right along, he said, some of it being pretty good and some badly damaged.

J. E. Canada, living two miles south of Ambia, said that there had been a lot of boll worms and that they had done a lot of damage. At present, he said, black rust was spreading over the fields and stopping it from blooming.

Z. L. Cannon of Maxey said there were a few scattering bollworms in that vicinity and some weevils. Some of the old cotton was very heavily fruited, but a good many of the bottom bolls were rotting.

R. O. Story of Deport said that the old cotton was good enough, but that he didn't think there was anything in the young cotton, although it had a chance to make yet. It was shedding considerably. He didn't know whether it was the rain or something else that was causing it to shed.

J. M. Daniels of Deport made the same report as Mr. Story. He said the old cotton was "strictly good," but there was a very slight chance for young cotton to make.

W. E. Chapman, seven miles south of town, said there was a prospect for half a bale to the acre in some places and in other places young cotton was entirely eaten up.

W. W. Snell of Atlas community said worms and weevils had both been pretty numerous, and that there were no blooms or squares. The leaves were all shedding off and a good deal of the cotton was dying.

J. R. Seerest, two miles northeast of Paris, reported cotton doing fairly well. The early crop was extra good, but the late cotton was shedding badly and had him guessing. There were still a lot of bolls in the young cotton, however, and he believed it would make a fair crop.

J. B. Waker and S. W. Arnold, living five miles east of town, both reported cotton sorry and being ruined by worms, which were still at work.

ALL IT NEEDS

is some of our expert welding treatment and then it will be all right again. Say the word and we'll make this cylinder piece as good as it ever was, if not better. Our welding is as high grade and effective as it is possible to get outside of the original factory, and better in some cases. We stand back of it.

Why Keep Advertising WHEN BUSINESS IS SLACK WHY ADVERTISE?

Did you ever notice that it takes time and persistence to accomplish anything worth while? You can't advertise today and expect to find your store crowded tomorrow, unless you have through constant advertising educated the public to read your ads.

The majority of people are slow to act. You have to tell them the same thing over and over again before they will heed your message.

Advertise now for the business you hope to do next month—it is the cumulative effect that brings results. For help in your advertising we have the Bonnet-Brown Sales Service of Cuts and Ready-Written Ads. We'll gladly explain their benefits to you.

PHONE 104—A REPRESENTATIVE WILL CALL

If there wasn't a change soon there couldn't be much of a crop raised.

E. S. Crowley, whose farm is near Atlas, said a lot of cotton was pretty good and some was badly eaten up. He had some cotton that he didn't believe would make anything hardly.

M. L. Roden, whose farm is two miles southwest of town, reported cotton badly damaged. There were very few blooms in it. All of his cotton was old cotton, and if it got a fourth of a bale to the acre he said he would be flying.

A. J. Rose of Sanders creek, three miles north of Caviness, said they had weevils, but no worms in his community. The cotton had made all that it was going to make. They never did get any top crop—just the bottom and the middle—and they had done got that.

MEXICAN RAILWAYS PUT ON 25 PERCENT INCREASE.

By The Associated Press. Houston, Tex., Sept. 1.—The national railways of Mexico today inaugurated a 25 percent increase in freight rates. The foreign trade committee of the Houston Chamber of Commerce was advised of that action by Trade Commissioner T. L. Cunningham.

As the increase will not affect foreign goods consigned to Mexico City via Vera Cruz it is expected much traffic that has been going into Mexico City through border points will be diverted to gulf ports. Shipments to Mexico City via Vera Cruz, Pachuca and Puebla are exempted from the increased rates by government order.

With procurement of a good share for Houston of the traffic expected to be diverted from border points in mind, the Chamber of Commerce has invited the Mexican trade excursionists, who will attend the Dallas fair in October to stop over here as its guests on their return trip to Mexico. The Mexican party numbers fifty merchants.

THE AUTO DOUBLES TIME OF THE OWNERS.

The automobile of today is a proven time economizer and an efficient producer.

The owner of an automobile not only makes the most of his time, but his car saves him time, and in these

days time saved is money made.

Owning an automobile doubles the producing possibilities of a man's minutes. That is why his hours produce the greatest results. What you accomplish in half an hour without an automobile, he duplicates in ten minutes with an automobile. He concentrates his time; the non-owner scatters his. There is no limit to his area of operation, while the non-owner's area is limited. He is reducing his minutes, while the non-owner is adding to his hours. The automobile is an investment, while the non-owner's method of transportation is an expenditure.

Just What She Needed.

"I used a bottle of Chamberlain's Tablets some time ago and they proved to be just what I needed," writes Mrs. Volta Bankston, Chillicothe, Mo. "They not only relieved me of indigestion but toned up my liver and rid me of backache and dizziness that I had been subject to for some time. They did me a world of good and I will always speak a good word for them."

DAISY BREAD IS GOOD BREAD. Ask for and insist on having DAISY BREAD. It is made right, is sanitary, and above all is good to the last mouthful. Buy Daisy Bread from your grocer or from the Lamar Avenue Bakery.

The habit of "putting it off" has caused the loss of many lives. A dose of Prickly Ash Bitters at the first sign of indigestion, constipation and kidney trouble wards off sickness and saves money. \$1.50 per bottle, R. J. Murphy, special agent.

My! How His Foot Did Hurt!

It out again and roared, angrily. Two or three times Bowser tried it, and each time a sly old bramble, a friend of Peter Rabbit, reached out and scratched one of Bowser's long ears. Each time Bowser yelled. Finally he gave up in disgust, and off he went muttering to himself in a deep voice. Peter Rabbit, nursing his sore foot, in the heart of the old brier patch, heard Bowser go away and chuckled. Then he thought of something that made him almost forget the pain in his foot. He wouldn't be able to show Bowser the Hound where Reddy was hiding! Right down in his heart Peter was glad—he was glad he had hurt his foot.

HARDING ENDORSES ROOSEVELT POLICY

Republican Nominee Making Fair
Weather With Followers of
the Progressive Leader

By The Associated Press

Marion, Ohio, Aug. 31.—The Roosevelt policy of conservation to develop the west and insure an adequate food supply was advocated by Senator Harding today in a speech to a delegation of republican governors. He also suggested many soldiers might be provided homes in the undeveloped western country and declared the duties of reclamation and development rested both on federal and state authority and on public as well as private financing.

Drawing an analogy between present conditions and those following the civil war, the nominee declared his conviction that many former soldiers would be glad to help open the unsettled regions of the west as a reward for their service to their country. "It was against profligacy," he declared, "that Roosevelt raised his voice and exercised the veto power. He started the great reclamation movement. What Roosevelt did for his time we must carry forward into the future."

Senator Harding also declared that in its conservation policy the government must guard against private monopoly but said he had "no particular preference" between the employment of private capital and public funds to attain the highest productivity of natural resources.

Eight republican governors and several republican gubernatorial nominees were in the delegation. After the nominee's address, the entire party were guests at a G. A. R. picnic at a Marion park and most of the visitors made short speeches.

To the old soldiers, Senator Harding made only a two-sentence talk, saying his appointments made it impossible for him to indulge in a more extended address. The meeting at the park was closed by a life and drum serenade, in which the nominee's father, Dr. George T. Harding, a civil war veteran, played the snare drum.

NOTICE.
Pursuant to a resolution passed by the City Council of the City of Paris, on the 27th day of August, 1920, I hereby give notice that in order by the said City Council, who are property tax payers of the city of Paris will be held between the hours of 8:00 o'clock a. m. and 6:00 o'clock p. m. on the 28th day of September, 1920, for the purpose of determining the following proposition:

Whether or not the City of Paris shall be authorized to issue bonds of the city in the sum of One Million (\$1,000,000.00) Dollars, and levy a tax sufficient to pay the interest on said bonds and create a sinking fund sufficient to redeem them at maturity; the bonds to bear interest from date at a rate not exceeding Five (5) per cent per annum, interest payable semi-annually, after the 15th day of February, 1922. Said bonds maturing at the option of the City Council, serially or Fifty (50) years from date with option of redeeming said bonds (10) years from date, and to be issued for the erection, purchase, equipment, enlargement, improvement and maintenance of the Water Works and to be known as Water Works Bonds, Series "C."

The polling places and presiding officers of said election shall be respectively as follows:

Ward 1—Fire Station, Sam Heaton, presiding officer.

Ward 2—Paris Candy & Bottling Co., J. M. Brown, presiding officer.

Ward 3—Court House, J. H. Gaches, presiding officer.

Ward 4—Lamar Motor Co., Lamar Ave., J. W. Webb, presiding officer.

The form of ballot to be used in said election for those voting in favor of the issuance of bonds shall be as follows:

"For the issuance of Water Works Bonds, Series 'C.'"

The form of ballot to be used in said election for those voting against the issuance of bonds shall be as follows:

"Against the issuance of Water Works Bonds, Series 'C.'"

The election is to be held in accordance with the general laws of the state, insofar as the same are applicable and not in conflict with the provisions of the City Charter.

Every property tax payer of the city of Paris, Texas, who is qualified to vote for members of the legislature of the state, and who has resided in the limits of the city for six (6) months, and in the ward in which he offers to vote thirty (30) days, next preceding the election is entitled to vote.

Given under my hand with the seal of the City of Paris affixed this 28th day of August, A. D. 1920. J. M. CROOK, Mayor. Attest: W. G. GEORGE, City Secretary.

Baldness Conquered

A veteran business man who was almost completely bald and had tried tonics, lotions, shampoos, etc., in vain, came across an "Indian's" elixir by which he grew a complete crop of healthy hair he now possesses. The elixir is called "KOTALKO." Others—men and women—have reported remarkable aid to hair growth, relief from dandruff, cessation of falling hair by using Kotalko. In a vast number of cases, when hair falls out, time imbedded in the scalp, like seeds or grains, need only fertility. The usual hair regrowth is a slow process. The instant method is required to nourish the hair and stimulate the growth. It costs a little to try Kotalko it would be a pity to lose the boon which this might bring to you.

Wonderful results reported. For men's, women's and children's hair. If you are bald or losing hair, or have dandruff, you should try KOTALKO; it may be what's needed for your scalp, and in such case it is a pleasure to observe the starting of new hair and its steady increase until profuse growth. You may obtain a full box of genuine Kotalko at any drug store, or a proof box, by mail, if you send 10 cents, silver or stamps, to John Hart Brittain, Station F, New York, N. Y.

JOE TAYLOR INVITED TO COME TO THE FAIR

(State Press in the Dallas News.)

Season tickets to the Lamar County Fair Association, with a season dated Sept. 7-11, inclusive, at Paris, and to the Hunt County Fair, at Greenville, have been received by State Press. The dates of the Hunt County Fair are started on the complimentary ticket awarded to S. P., the presumption being, presumptively, that he could find out the dates for himself, and either come or stay away. Or, it may be that the dates were left off S. P.'s ticket in the hope that he would arrive after it was all over. He is not as popular anywhere as he might be if he were less of a Democrat and more of a financier. However, he isn't going to pick a quarrel with his Hunt County Fair ticket, nor will he look a gift horse in the mouth to the embarrassment of the equine. Comparisons are said to be odious, but there is no just reason why they should be. In this connection, it may be pointed out that the Lamar County Fair tickets are printed on S. P.'s ticket in big type, so that they couldn't be overlooked. Yet State Press will not assume that his invitation to the Paris Fair is any more cordial than his invitation to the Greenville Fair. He might visit either of these annual exhibitions and be mistaken for an attaché of the side-show exhibit. It is within the range of possibility that he would be confused with the impresario of the Egyptian dancers, or that he could even get the credit for being the business manager of the Fat Lady or the Circassian Beauty. That some unsophisticated visitor might misidentify him as Esau the Snake Chewer does not seem to him altogether probable, but that he could be pointed out by the unwise as the ringmaster of the Flea Circus is less incredible. These speculations are unprofitable, admittedly, so there is no need to elongate this acknowledgment.

Given under my hand with the seal of the City of Paris affixed this 28th day of August, A. D. 1920. J. M. CROOK, Mayor. Attest: W. G. GEORGE, City Secretary.

FOR SALE
One of the best little farms in Lamar county; 61 acres; 39 acres in Red river bottom; 25 acres in cotton; 12 acres in corn; 2 acres in alfalfa; 22 acres on sand; young orchard, good garden and pasture, very good house and barn, cow barn, garage, chicken house; a no. 1 well of good soft water. Two good mules, a riding planter and two cultivators. Everything goes in this sale. Come and look at this place for yourself. Price \$9,000.00.

J. W. Haynes, Razor.

Physician Surprised
Hearing of some good results from the use of May's Wonderful Remedy I decided to try it on a chronic case of indigestion and gastritis I was interested in. After the first dose the patient was relieved of gas trouble and was soon able to eat radishes and many things he had not eaten in years. It removes the catarrhal mucous from the intestinal tract, and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded at Palace Drug Store and druggists everywhere.

This gin is ready at all times with up to date machinery. Have added another cleaner to make a better sample, see this with your first bale of cotton.

**MEXICO HAVING TROUBLE
WITH HER OWN BOLSHIEVSKI**
By The Associated Press
Mexico City, Aug. 31.—Warrants

for the arrest of three persons, charged with disseminating Bolsheviki propaganda in Mexico, were asked of the federal district court by an agent of the public prosecutor yesterday afternoon. The persons are a German named Fabler, who came to this country from the United States, a Mrs. Linn, and A. E. Gale, who was connected with a print shop where the Bolsheviki literature was printed, it is alleged. This literature was distributed in barracks and factories and called upon soldiers and workers to unite in a movement intended to bring about a dictatorship by the proletariat.

A similar Bolsheviki campaign has been discovered at Monterey, according to press reports from that city.

Furniture of the Finest Character

Before you buy another piece of Furniture, or any furnishings for your home, think where you can get the greatest values for your money. Think of how long that furniture is going to last, whether it will give the kind of service you have a right to expect, and whether the store that sells it to you is going to stand back of it.

Nowhere in Texas will you be able to buy such good furniture at such low prices as you can get here. Nowhere will you find the service that is given here, and no matter what you buy, whether it be a foot stool or a complete suit, you will get the same guarantee of satisfaction.

Rodgers-Wade Furn. Co.

NOW IS THE TIME TO BUILD

Whether your need is for a house, big or little, a barn or other outbuildings—BUILD NOW. The present price of lumber is very moderate as compared to other commodities and there is not much prospect of it getting lower in the near future.

WE WILL HELP YOU

In every way possible. Plans of the above illustration furnished to you FREE. Not only can we furnish you the plans but we can tell you to a cent what the cost will be. Phone us or come to see us—we will be glad to talk building to you.

MEN AND WOMEN
will find the use of check books a convenience and an economy. Convenient because checks can be so easily mailed. Economical because they cause thinking before spending. We invite accounts from both sexes and promise them every facility good banking permits.

AMERICAN NATIONAL BANK

Brewing Schlitz —An Exact Science

SCHLITZ cannot be made in a day or a week. Months are required for its proper aging, in order that it may not offend your stomach.

From 1660, when the Dutch scientist, Leeuwenhoek, was first to examine fermentation under a microscope, through over a hundred years of experiment, when scientists demonstrated that fermentation results from vegetable activity, to Pasteur who originated the accepted process of sterilization to kill ferments after their work was complete, the brewing of a cereal beverage has been the creation of science.

You who savor the smoothness, the tang, the delicious flavor of Schlitz do not realize the vast work of chemistry and biology which lies behind this master brew.

No "two-day" beverage, no "green" drink, no "experiment in velocity" yields flavor and purity equal to Schlitz. Such beverages, rushed through to meet a hurried demand, will set your stomach churning, cause flatulence and indigestion.

Avoid these interior discomforts; drink Schlitz. For Schlitz is fully fermented, aged, and brewed scientifically.

The Drink That Made Milwaukee Famous

GOVERNMENT SAYS CROP NOT SO LARGE

As Has Been Reported From Several Private Sources So Price Is Boosted Somewhat

New Orleans, Sept. 1.—While "bureau day" brought bullish statistics to the cotton market the trend of prices was lower in a decided way and in the late trading the market turned very weak, falling 200 points from the highest on October. Selling was due to the unfavorable accounts from England regarding the coal strike situation, the favorable weather over the greater part of the belt and the continued softness of the interior spot markets. The net results of the day's trading were declines of 127 to 161 points.

The condition report of 67.5 percent of normal, indicating a crop of 12,783,000 bales was well under average expectations. Late in the day prices were at new low levels, 127 to 167 points under the final of yesterday, October fell to 2.15 which compared with 2.15 as the high of the day.

New York Cotton.

New York, Sept. 1.—The government's crop report fell short of expectations, but the rally it caused met heavy general selling and the cotton market made new low records for the season today. December contracts which had sold off to 24.80 on the crop report, but later sold at 24.10 and closed at 24.17 while the decline in October was checked at 25.50 by the maximum fluctuation rule.

Closing prices were at nearly the lowest point of the day, with the market showing a net decline of 107 to 158 points. Private cables attributed weakness in Liverpool to more serious views of labor conditions which there was southwestern selling here which served to emphasize the further decline in southwestern spot markets yesterday.

The government report making the crop 67.5 percent of normal and the indicated yield 12,783,000 bales was considerably below the average of recent private reports and the weekly report of the weather bureau read bullishly, but except for covering there appeared to be very little support.

Liverpool Spot Cotton.

Chicago Grain.

Chicago, Sept. 1.—Persistent buying for export accounts today to the wheat market. The close was unsettled, 1/2 to 1/4 net higher, with December 2.55 and March 2.65. The corn market was unchanged to 1/4 to 1/2 lower and provisions down 5 to 15 cents.

Bulls had the advantage in the wheat market throughout the day except during a setback shortly after the opening. Offerings were light, and there was gossip of a holding attitude becoming widespread among farmers. Furthermore a leading authority figured the 1920 crop as meaning a total supply of 74,000,000 bushels less than last year.

Corn weakened owing to failure of frost predictions and as a result of bearish crop estimates. One expert suggested a probable yield of 3,025,000,000 bushels as against 3,002,000,000 bushels, the prospect a month ago.

	Oct.	High	Low	Close
Sept.	1.40	1.40 1/2	1.38 1/2	1.38 1/2
Dec.	1.18	1.18 1/2	1.17 1/2	1.17 1/2

Fort Worth, Sept. 1.—Cattle receipts 4,000; the down. Bees 6,000; 7.50; stocker, 6.50; 7.50.

Hogs, receipts 500, steady. Light 15.50 @ 15.75; heavy 16.25 @ 16.50.

Sheep, receipts 250, unchanged. Lambs 1.00 @ 1.10; yearlings 8.00 @ 10.00.

New York Sugar.

New York, Sept. 1.—There were no new developments in the local raw sugar market today and in the absence of demand prices remained quiet. Subsequently forward deliveries turned easy with lard and cotton. Closing prices were 10 points higher for September and six to 16 not lower for the balance of the list. Sales 7,500 barrels, prime crude nominal; prime summer yellow spot 11.90 @ 12.00; October 12.51; December 12.74; March 12.85; prime winter yellow and summer white nominal.

Cotton Seed Oil.

New York, Sept. 1.—Cotton seed oil was steady early in the face of additional tenders of 4,000 barrels owing to light pit offerings and short covering. Subsequently forward deliveries turned easy with lard and cotton. Closing prices were 10 points higher for September and six to 16 not lower for the balance of the list. Sales 7,500 barrels, prime crude nominal; prime summer yellow spot 11.90 @ 12.00; October 12.51; December 12.74; March 12.85; prime winter yellow and summer white nominal.

New York Coffee.

New York, Sept. 1.—Coffee futures opening here was unchanged to 21 points lower

with late months relatively easy under trade selling or liquidation.

The general market closed net 3 points higher to 15 points lower. Closing bids: Sept. 7.92; October 8.12; December 8.53; January 8.71; March 9.07; May 9.29; July 9.49.

Spot coffee, moderate demand; Rio 7 1/2; Santos 1 1/2 @ 14 1/2.

New Orleans Rice.

New Orleans, Sept. 1.—Rough rice, no sales; receipts 68,000 sacks; millers receipts none; clean rice steady; sales 7,504 pockets at 4.10; blue rice 3,553 pockets @ 3.84; Carolina 500 pockets @ 3.95; edith 300 pockets @ 4.10; bran and polish unchanged; receipts 1,410.

DAISY BREAD IS GOOD BREAD.

Ask for and insist on having DAISY BREAD. It is made right, is sanitary, and above all is good to the last crumb. Buy Daisy Bread from your grocer or from the Lamar Avenue Bakery.

Chamberlain's Colic and Diarrhoea Remedy in Michigan.

Mrs. A. H. Hall, Cassville, Mich., says: "I wish to thank you for your grand good medicine, Chamberlain's Colic and Diarrhoea Remedy. We are never without it in the house, and I am sure it saved our baby's life this summer."

Mrs. Mary Carrington, Cassville, Mich., says: "I have used Chamberlain's Colic and Diarrhoea Remedy for years and it has always given prompt relief."

BANKS CLOSE MONDAY

Account of Labor Day being a holiday all the banks of Paris will be closed next Monday, September 6.

Farmers Union.

Will meet at the courthouse on Saturday, the 4th. A prominent man will be with us. Other business of importance.

R. E. L. Jackson, County Secretary.

If you feel bad; if you are "blue," tired and discouraged, without apparent reason, you need Peckley's Ash Bitters, the system purifier. It cleanses the system, helps digestion, drives out gas and fermented matter in the bowels, and brings back the fine feeling of strength, vim and cheerfulness which belongs only to perfect health. Price \$1.50 per bottle. R. J. Murphy, special agent.

MANY THOUSANDS SPENT IN CORPUS CHRISTI RELIEF

By The Associated Press.

Corpus Christi, Tex., Sept. 1.—More than seventy-two thousand dollars was expended for household goods for people here and in adjacent districts rendered practically homeless by the disastrous storm of September 14, 1919, according to reports made by A. W. Jones, director of South Texas disaster relief. Of that amount \$49,402 was expended for Corpus Christi people alone.

In addition to household goods, Mr. Jones reports nearly thirteen thousand dollars was spent for clothing. Medical aid required, \$1,179.50.

Chicago, Sept. 1.—Persistent buying for export accounts today to the wheat market. The close was unsettled, 1/2 to 1/4 net higher, with December 2.55 and March 2.65. The corn market was unchanged to 1/4 to 1/2 lower and provisions down 5 to 15 cents.

Bulls had the advantage in the wheat market throughout the day except during a setback shortly after the opening. Offerings were light, and there was gossip of a holding attitude becoming widespread among farmers. Furthermore a leading authority figured the 1920 crop as meaning a total supply of 74,000,000 bushels less than last year.

Corn weakened owing to failure of frost predictions and as a result of bearish crop estimates. One expert suggested a probable yield of 3,025,000,000 bushels as against 3,002,000,000 bushels, the prospect a month ago.

Bulls had the advantage in the wheat market throughout the day except during a setback shortly after the opening. Furthermore a leading authority figured the 1920 crop as meaning a total supply of 74,000,000 bushels less than last year.

Corn weakened owing to failure of frost predictions and as a result of bearish crop estimates. One expert suggested a probable yield of 3,025,000,000 bushels as against 3,002,000,000 bushels, the prospect a month ago.

New York Coffee.

New York, Sept. 1.—Coffee futures opening here was unchanged to 21 points lower

tools and working equipment, \$4,408.85; allowances for living expenses until families could "get on their feet," \$8,032. Seven hundred and seventeen dollars were used in transporting Corpus Christi citizens to other parts of the United States to live with relatives, because they were unable to support themselves. In addition to the items quoted, the family department made cash appropriations to sufferers in order that they might buy needed articles, amounting to \$7,122.90, and purchased equipment values at \$2,831 for fishermen.

Burial expenses, buying cows and chickens, giving business college training and other miscellaneous items amounted to \$2,718.20.

Of \$131,000 appropriated for building and repairs in the devastated area, more than \$75,000 has been spent in Corpus Christi. In the business rehabilitation department more than sixty thousand dollars was spent in helping Corpus Christi merchants to get reestablished. The largest single appropriation made in business rehabilitation was \$2,500 and the largest appropriation for building and repairing, \$3,000.

Large sums were expended in Port Arthur and Rockport, also devastated by storm waters.

E. H. Harris, chief accountant for the disaster relief department of the Red Cross, is making a final audit of accounts, preparatory to presenting a report to congress as required by law.

Heartburn after a hearty meal means weakness in the digestive organs. Peckley's Ash Bitters gives them strength, tones up the stomach and purifies the bowels. Price \$1.50 per bottle. R. J. Murphy, special agent.

A fresh supply of Mrs. Tucker's shortening at Hamilton & Wright.

An automobile company saves \$150,000 yearly by establishing laundry for rugs used to wipe oil and grease from machinery, the result of high cost of rugs.

Attention, Troop 2.

DISTRIBUTION OF SHORTENING-FLOUR

Will Be Made At the Office of
The Morning News Friday
To Bread Bakers

Mr. Rippe—the man who works for Mrs. Tucker—has heard from the Gold Bar flour. It is coming by express and will be ready for distribution at the office of the Morning News Friday morning.

The shortening is enroute and it will also be here by Friday, so the distribution will be under way at the same time.

While one of the requirements for all bread entered is that Mrs. Tucker's shortening must be used, it is not necessary to procure this from The Morning News if you desire to get it from the grocer—and every grocer in Paris handles it.

The distribution through The Morning News is an encouragement to the housewives who do not already use it and also to be assured that no housewife in Paris or Lamar county refrains from entering the contest because of the cost of the shortening. A two pound can of Mrs. Tucker's shortening will be given each applicant and it will be considered a pledge that the women securing it will enter at least one loaf of bread in the Morning News-Mrs. Tucker bread baking contest to be decided Friday, afternoon, September 10, at the Paris Grocer company booth at the Lamar county fair.

There is no requirement as to a

special brand of flour to be used. It lies altogether with the contestant. Therefore, the shortening may be procured and the flour not; that being a choice. But if the Gold Bar flour is asked for that is a pledge that at least one loaf for the contest will be baked with that brand of flour.

Contestants may enter as many loaves of bread as they please and bake each of a different brand of flour—the only requirement being that they must use Mrs. Tucker's shortening.

To be sure that they get their coupons filled out correctly, there will be some one at the booth at the fair grounds to do this properly, and to see that no mistakes are made.

In Nice Shape Again.

NEW COUNTRY CLUB HAS GOOD LAKE SITE

Subscriptions To This Recreation
Project Are Being Taken and
It Will Be Assured

All the preliminary arrangements for the proposed new country club have now been completed and the proposition is rapidly assuming tangible shape. One of the handicaps that has been successfully overcome is that of the necessary water for a lake. The report turned in by the engineer who has had charge of that end of the project is highly gratifying.

The engineer, in his report, shows that there is an acreage on the proposed site of eight to ten acres available for a lake, and that in his estimate this acreage will carry a body of water from fifteen inches to sixteen or eighteen feet in depth, which should settle the water question very satisfactorily.

The committee reports that the main club house structure will be thoroughly modern and in keeping with any club in the state. Included in the proposed structure will be a large and extremely well appointed ball room, and there will also be four large porches, a fact which will enable four different groups of persons to be entertained privately at the same time.

The committee in charge of the new structure report that they will have no difficulty in securing subscription for the amount of capital stock to be subscribed, in fact have now on file a large number of applications from people who are desirous of taking stock.

APPOINTED ASSISTANT TO COUNTY SUPERINTENDENT

The county board of education, which is composed of J. F. Landers, J. P. Ford, N. W. Proffitt, J. W. Keesling and V. C. Oliver, met in regular quarterly session yesterday.

Among other business disposed of the board approved the apportionment of \$132,845 to Lamar county to be distributed among the rural schools exclusive of the independent districts on a per capita basis of \$14.50.

There are 9,162 children in the county who will receive the benefit of the fund apportioned. They are included in ninety-eight white and thirty-nine colored schools.

The board classified all of the schools according to former classification and appointed an assistant to the county superintendent.

Miss Myrtle Robinson, the nominee for superintendent to succeed Prof. Fulk, was appointed to the newly created position of assistant for three months. After she is chosen at the general election and qualifies as superintendent a new assistant will be appointed.

Trustees were appointed in several districts to fill vacancies that had been caused by resignation or removal.

WILL BEGIN BORING WITHIN THE NEXT FEW DAYS.

G. A. Hawkins, ex-sheriff of Wichita county, has been spending several days here in connection with the development of the wildcat well on the Barr farm below Bardstown.

The company that was originally organized to sink a test well was known as the North-Mid-Texas company.

It is understood that several outside parties have become interested in the well, not as a company, but as individuals, and are making arrangements to begin work.

Mr. Hawkins stated last night that they had the engine set up and the slush pit and water tank fixed, and that they were practically ready to go to drilling. He stated that they would begin boring within the next ten days.

TO SUPPLY THREE CHURCHES IN LAMAR COUNTY

Through the efforts of Rev. H. H. Neely, the County Missionary, Rev. H. R. Webb of Haleyville, Oklahoma, has been employed to supply the Christian churches at Roxton, Ambia and Bardstown. He will serve the Roxton church as pastor half his time and the Ambia and Bardstown churches each one Sunday a month. Mr. Webb has the reputation of being an earnest worker and he is expected to do much good in building up the churches to which he has been called.

PARIS RECEIVED ITS SECOND BALE OF COTTON

Paris received its second bale of cotton of the season yesterday. It was raised by W. E. Whitlock, who lives near Broadway, and was brought to the Farmers' Union Gin Company in Paris to be ginned. It weighed 549 pounds. Mr. Whitlock was offered 27 1/2 cents for it, but declined to take it. He stated that he would have another bale ready to gin today.

SNUG SUM OF MONEY TO LOCAL EMPLOYEES

B. L. Aldis, the Texas Midland railroad agent at Paris, distributed pay checks Tuesday to the amount of \$3,623 among the local employees, of which \$4,000 represented three months back pay granted by the labor board. The balance represented the salaries of the local employees for the first two weeks in August. The average monthly payroll of the Texas Midland at Paris is between \$10,000 and \$11,000.

Work at Pumping Station.

A change is being made in one of the clear wells out at the lake to conform with the plans for the new pumps that are to be installed. These changes will make it possible to clean the basin much more rapidly than can be done at the present time.

Will Reoccupy Her Home.

Mrs. Bishop is repapering and renovating her property, 149 South 26th street, and will move into it as soon as it is finished.

MRS. LUCY DOUCETTE, of Manchester, N. H., who says she's just so happy over the way Tanlac restored her health she can't keep from telling people about it.

"I am just so happy over the way Tanlac has restored my health that I can't keep from telling people about it," said Mrs. Lucy Doucette, of 76 Stark street, Manchester, New Hampshire, a few days ago. "I suffered so long with chronic indigestion that I didn't know what it was to sit down and enjoy a single meal. My stomach was so badly disordered I had to live on the strictest diet, and nothing seemed to agree with me. At times my breath seemed to be cut off, and I would suffer terribly for hours at a time."

"I lost my strength completely and became so weak and run-down I would give out several times during the day and would have to stop and rest. I was extremely nervous and irritable, and just felt like I would break down completely."

"One day I saw a statement from a friend of mine who said Tanlac had helped her wonderfully, so I was convinced it was a dependable medicine and I began taking it immediately, and I am more than pleased at the splendid results. My appetite improved right from the first, and the horrible indigestion from which I suffered so long has entirely disappeared."

"I have now finished my fourth bottle, and can eat just anything I wish without any bad after-effects. I also sleep better and have more strength and energy. It is a pleasure to tell others what Tanlac has done in my case."

Tanlac is sold in Paris by Mayes Drug Store, in Blossom by J. D. Dickey & Son, in Roxton by City Drug Store, in Howland by K. B. Burgess.

1,000 BOYS AND GIRLS TO VISIT STATE FAIR

Educational Encampment Also to See
Distribution of Scholarships

One thousand boys and girls, coming from all the counties in Texas where the Boys' and Girls' Clubs are active, will be guests of the State of Texas during the season of 1920 at the Educational Encampment.

This season the work will be furthered a great deal more by the distribution of State Fair scholarships. These special prizes will be distributed during the State Fair season, as follows:

To Boys: Three A. & M. College scholarships to members of the Boys'

Boys and Girls From Farms Will Be Guests of State Fair

Agricultural Clubs, as follows: One for the best record in the production of corn in 1920, given by the Southland Life Insurance Co., Dallas; one for the best production of grain sorghum in 1920, given by J. F. Strickland, President Texas Electric Railways, Dallas; one for the best production of peanuts in 1920, given by the Times Herald Printing Co., Dallas.

To Girls: Three Home Demonstration Scholarships to one of the State Colleges for Girls for members of Girls' Clubs, as follows: One for the first and second year work for 1920, given by L. H. Lewis Company of Dallas; one for third year work for 1920 given by Sears-Roebuck & Co. of Texas; one for fourth year work for 1920, given by Titche-Goe-ttinger Co. of Dallas.

While at the Fair as guests of the management, the youngsters of the Educational Encampment will be given a royal time. The entire period will by no means be devoted to research work. Amusement in plenty will be furnished.

RECOVER AUTOMOBILES FROM CORPUS CHRISTI BAY

By The Associated Press
Corpus Christi, Sept. 1.—Out of 20 automobiles swept into Corpus Christi bay when a large garage on the water front was dashed to pieces by the tidal wave of Sept. 14, 23 have been salvaged and now are in operation.

A local wrecking company took the contract to recover the machines, which were found to have sunk not far from shore and to have been covered with a deep coating of sand and shell. With a hydraulic stream, obtained from a force pump driven by 24 cars were dug out, hoisted above the water with a derrick and then pulled ashore with a tractor. The machines immediately were taken apart, cleaned and lubricated, and put in operation. Only three of the 26 had to be junked as a result of the buffeting they received before being submerged.

Three other cars discovered recently were raised and are now being repaired. All can be operated again, it is said. A search on the floor of the bay near the garage site is being made for the one remaining car which will account for the entire contents of the garage.

The cars, it was stated, were not near as much damaged as they would have been had they stood for three weeks exposed to a damp salt air with rust and in other lubricated parts, preserved them almost perfectly and not even the cylinders were pitted with rust.

RHODE ISLAND REDS TO IMPROVE AFRICAN STRAIN.

By The Associated Press
Austin, Texas, Sept. 1.—A family of Rhode Island Red chickens hatched in Austin, now is investigating the bug possibilities of the Congo district of Africa. If the members have not succumbed to disease or African animals or birds of prey.

The chickens were taken to the dark continent by W. E. Elroy and family, who went to Africa to engage in missionary work. Mr. Elroy recently advised that all members of his family and the chickens had weathered the voyage to Luheo, Belgian Congo. Mr. Elroy, before, his departure, said that one of the vital things to be accomplished by missionaries in Africa, was to teach the natives to be self-sustaining and that he expected his prize poultry to be valuable as the chickens they have in Africa are very scrawny and seldom grow to weigh more than a pound.

PERSONAL

R. W. Wortham will return today from the East, where he has been spending several days on business as receiver of the Paris & Mt. Pleasant railroad.

Dr. R. A. Woolsey, chief surgeon of the Frisco railroad, came down from St. Louis yesterday afternoon on a short visit to Dr. L. P. McCullison.

J. Will Hill and children, formerly of Petty, now living in Falls county, are here with his wife, who is a patient at the Sanitarium.

J. H. Johnston has returned from Mexico, where he went to look after some land belonging to his deceased father's estate near Tampico.

W. A. Brown is back from a three months trip to West Texas and Mexico. He spent part of the time visiting his sister in El Paso.

W. K. Long has returned from Grand Beach, Mich., where he spent the summer with his daughter, Mrs. Dameron of Chicago.

B. G. Brackeen of Race Track, Delta county, was in attendance on the district court yesterday.

W. L. McCrummen, who has been visiting in Paris a few days, will return to Lubbock today.

Z. B. Mann of Red River county was in Paris last night on his way home to Greenville.

Mrs. Ellen Martin of Roxton is visiting her sister, Mrs. Jno. Mullins, on Pine Bluff street.

J. W. Nightlinger, division superintendent of the Texas & Pacific, was in Paris yesterday.

J. E. Armstrong of Hinkley has returned from a visit to Elk City and Granite, Ok.

James Hubbard of New Boston spent yesterday in Paris with his parents.

E. H. McGlasson went to Dallas yesterday to attend the cotton meeting.

WEBB STREET MEETING TO GO BALANCE OF THIS WEEK.

On account of the success which is attending the meeting on the Baptist mission lot on South Webb street, it was announced that the meeting will continue the balance of the week.

Great crowds which grow larger all the while, have been attending and for the past several nights a city policeman has closed the south end of Webb street during the hours of service so that the cars of those attending services may be parked in the streets and on vacant lots around the pulpit and platform, thus furnishing extra seats for several hundred people. The concluding service will be held Sunday night at the First Baptist church.

NO WORMS IN A HEALTHY CHILD

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the child will be in perfect health. Pleasant to take. 60c per bottle.

Guy S. Caldwell Says That the
Lamar County Fair Is
"A-Settin' Pretty"

"A-settin' pretty," asserted President Guy Caldwell as he glanced at a painter swinging a brush across a portion of the roof of the new exposition building; cast an approving smile at another workman who was expertly besmearing plaster on the walls; told Jimmy Caviness of the new progress that was being made on the stage; asked Superintendent Wees how long it was going to take to get the stone placed on the arch; and generally he was a pleased mortal.

The interior of the exposition building will be ready to turn over to the exhibitors Friday morning, though work must proceed on the stage and on other portions of the building.

The big Mrs. Tucker sign is adding splendor to the grand stand; the value of the exhibit has been completed except for placing some of the sashes.

W. G. Shipp and Secretary Bracken began the work of placing the agricultural exhibits yesterday; and they propose to make a work of art of it.

The exhibits of wagons and farming machinery to be placed under tents are on the ground and there is an air of haste about the grounds.

Three runners are in the stables and some other racers are expected to get in tomorrow.

It is assured that there will be no delay in the announced dates that the exhibitors are to have their various exhibits in the booths.

President Caldwell has not yet heard from the Southwestern Amusement

company giving a list of the shows; but the town has been billed with the paper and the dates announced.

SHIPPERS AND CONSIGNEES GIVEN LIST OF "DON'TS."

Galveston, Texas, Sept. 1.—A "don't" list for shippers and consignees, designed to speed up the placing, loading and unloading of freight cars, has been issued by C. N. Whitehead, chief operating officer of the Missouri, Kansas and Texas railroad. Calling attention to the acute shortage of cars and motive power, Mr. Whitehead declared that only strict co-operation on the part of the public will prevent the car congestion from becoming more serious. The "don'ts" directed toward the shipper are: Do not order cars until you are ready to load; do not order more cars than you need; do not duplicate orders for cars; when ordering cars do not fail to state the size of the cars you can load to capacity; do not fail to load cars as soon as placed.

The consignee is asked to unload cars promptly; to provide sufficient labor for this work; to insist that orders be filled to capacity of cars, and to notify the agents of the road as soon as the cars are unloaded.

Hurry Up Lamar's Count.

By The Associated Press
Austin, Texas, Sept. 1.—Provisions of the law making the compensation of county commissioners dependent upon the population of the county which they serve, according to the attorney general, become operative at the time the enumeration of a county is accepted and approved by the director of census and not on the date prescribed by Congress for taking the census.

FEED NERVES PLENTY OF PHOSPHATE IN SUMMER

Keen Minded Men, Energetic and Successful Rely on It Asserts
Prominent N. Y. Physician.

Bitro-Phosphate a Godsend

Men and women, nervous and fretful, easily upset and often fatigued, need plenty of organic phosphate and the sooner they heed this advice the better their health will be.

In every one of the millions of cells that make up your body, phosphorus is a most important part.

Your nervous system, your brain, your blood and even your bones must have a sufficient supply of phosphorus or weariness, nervousness and a general run-down condition, as well as lack of normal mental power is sure to result.

Big men of affairs—mighty men who control industries because of cheer, will power and nervous force, know this, or if they don't are clever enough to have a physician who does.

Physicians are more and more realizing that Bitro-Phosphate, as dispensed at drug stores, is a necessity to over forty per cent of men and women, because present day foods do not contain enough phosphate to give the body and especially the nervous system the supply it needs.

Speaking on this very subject, Dr. Frederick S. Koelle, Editor-in-Chief of Physicians' "Who's Who," and a na-

tionally known author of medical text books, in a most emphatic statement said:

"If I had my way, Bitro-Phosphate should be prescribed by every doctor and used in every hospital."

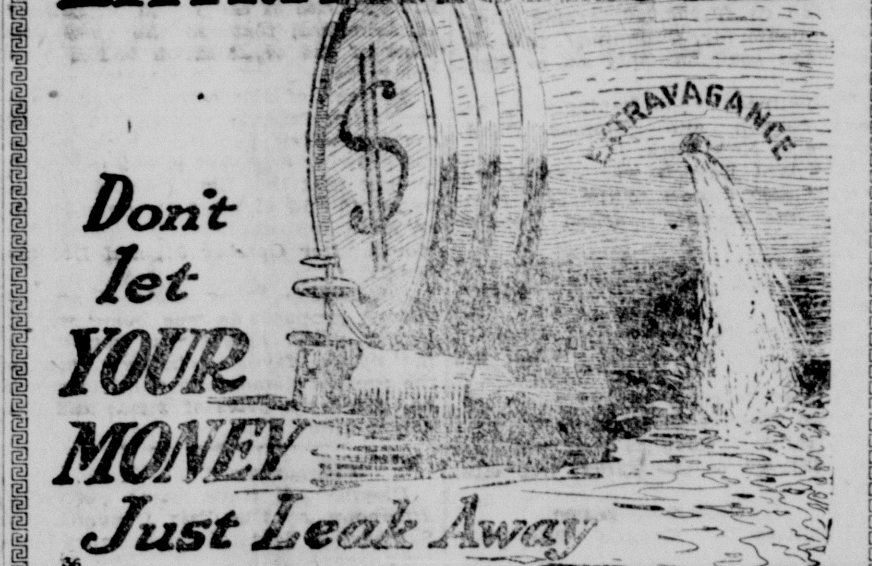

Later, Dr. Koelle said: "When the nerve tissue begins to lose its vitality, woman begins to lose her youth and vivaciousness. Her lively, pleasant disposition fades away—she becomes irritable, uncompanionable, moody and despondent. It would indeed be a god-send if more men and women were aware of the efficacy of Bitro-Phosphate."

Hot weather is dreaded by men and women who are weak, thin, nervous, timid and lacking in vigorous development because it saps their vitality almost to the breaking point.

To all such people Bitro-Phosphate is recommended because it is the one organic phosphate which, when absorbed by the system, will supply the element necessary for a vigorous, healthy body free from any suggestion of weakness or disordered nerves.

Your druggist has Bitro-Phosphate in the original package with complete instructions for best results.

J. H. JOHNSTON RETURNS FROM HIS TRIP TO MEXICO

J. H. Johnston returned Tuesday from Mexico, where as one of the executors of the estate of his deceased father, J. H. Johnston, Sr., he went to look after a tract of two thousand acres of land which he owned seven miles northeast of Tampico.

He and his father formerly spent a good deal of their time on the place a considerable portion of which was under fence and in cultivation with several tenant houses occupied by the tillers of the soil. They were compelled to abandon the place ten years ago at the inception of the revolution against Diaz and he had not been back since.

Mr. Johnston said that when he left Tampico ten years ago it was a town of thirty thousand people, and that it now has a population of 138,000 by the census.

The oil interest, he said, was the only interest in that country worth anything. Everything else was practically dead.

Revolutions have killed it, but the country is more tranquil than it has been at any time in the ten years, and the general impression among all of the leaders was that if the presidential election which is to occur next Sunday, goes off without any trouble they will have peace in that country for many years to come.

Mr. Johnston says that Mexico is not a poor man's country, but is a big man's country, for the simple reason that everything is done on such a vast scale that unless a man

is a civil engineer or has some technical job with a big concern he can't compete with the cheap Mexican labor.

Mr. Johnston said that he found the fences and houses on his father's place destroyed and the farm grown up in bushes, but that he did not have any trouble in getting his title recognized and the taxes adjusted, which was the purpose for which the trip was made.

REVIVAL AT RENO A GREAT SUCCESS

The revival meeting at Reno that has been in progress at the Methodist church of Reno, conducted by Rev. W. H. Wallace, of First Church, Paris, came to a close last night. The meeting was one of the greatest that the community had seen in a long time.

Men and women came to the altar of the church and were converted in old-time Methodist fashion. There were six conversions last night, and at the close of the service, 8 united with Methodist church at that place, making a total of 17 to unite with the Methodist church.

All churches were helped and many will go to other churches. One of the great features of the meeting was the splendid junior choir. They sang well. Then, too, the old-time spirit prevailing was another feature. Friends went after friends and after eleven days, the meeting closed with all christian people working for the Kingdom of God.

OLD OUTLAW RENDEZVOUS NOW PRODUCTIVE RANCH

Watonga, Okla., Sept. 1.—What was once the rendezvous of notorious outlaws, the old hog ranch north of the Cimarron river in Major county, Oklahoma, has been transformed into a productive truck farm and modern ranch.

Near what was the outlaws' main spring on the side of a hill, a dugout, obscured from the sight of the passing stranger, once the headquarters of the famous James and Younger bands, is still intact. However, the larger number of springs which pour their streams from the side of the hill at numerous places have been made the basis of a profitable irrigation system. Dams have been constructed for a big reservoir, and pipelines have been laid to Fairview, the county seat of Major county, to furnish that town with water.

Canals and ditches carry water for irrigation to all parts of the new farm ponds have been built and supplied with fish, and many other modern improvements made.

The Dalton clan sought the seclusion of this ranch and the commanding observation post furnished by its hill, on many occasions when hard pressed by pursuers, according to old settlers.

DEMOCRATS TELL COMMITTEE THAT TREASURY EMPTY

(Continued from Page One.)

democratic national committee's financial director, told the senate tonight.

Jamieson, who was called to the stand primarily in connection with the interview published by the New York Times, which quoted him as saying from \$5,000,000 to \$10,000,000 would be required to elect a democratic president this year, also described the "Jamieson plan" of raising money.

Expensive Bureau. Senator Kenyon questioned the witness about the expense of maintaining his financial collecting agency in Washington and brought out that \$155,000 was spent for furniture and equipment, that the payroll of its staff averaged \$18,000 a month, and that office rentals at their highest were \$3,600 monthly.

About 300,000 letters were sent to prospective contributors, he said. All letters to known Federal employees bore special delivery stamps.

"That was so they would go to their homes?" Senator Kenyon asked.

"Yes."

"You knew that the law prohibited the solicitation of funds in Federal buildings?"

"Yes."

"You thought this plan would not violate the law?"

"Yes."

"Did you have any advice to that effect?"

"I talked to one or two members of the civil service commission."

"Did they tell you it would not?"

"No, they wouldn't commit themselves."

Senator Kenyon questioned Mr. Jamieson about the collection of funds by the Iowa democratic club and referred to the letter from L. W. W. Drenner, secretary of the club, to Miss Clara Boehle, postmistress at Norway, Iowa.

The chairman brought out that Wilbur W. Marsh, democratic national treasurer, and E. T. Meredith, secretary of agriculture, were directors of the club.

Reading from the letter Senator Kenyon quoted "In order to comply promptly with old fashioned law I am sending this under a special delivery stamp."

The letter said the club had given \$13,000 to the democratic national committee, while Jamieson said his figures showed only \$5,000 received.

Mr. Jamieson denied ever having said he planned to raise from five to ten million dollars for the democratic presidential campaign.

Senator Kenyon read the interview, which quoted the witness as saying he planned to get one million contributors to give five to ten dollars each, would send out 3,500,000 letters and would spend more money for two cent postage stamps alone than had been spent in any previous democratic presidential campaign.

Mr. Jamieson replied he had never said anything about the amount of money he intended to raise, but had said he wanted to get an army of contributors, and had, in fact, obtained about 300,000.

Jamieson's Form Letters.

Senator Kenyon introduced copies of various form letters sent out by Mr. Jamieson asking the recipients to contribute amounts ranging from \$20 to \$300.

Senator Reed interrupted to ask what Homer Cummings, former democratic chairman, gave to the campaign, and learned Mr. Cummings' check was for \$1,000.

Two hundred letters were sent to men with incomes ranging from \$250,000 to \$1,000,000, asking them to duplicate Mr. Cummings' gift, Mr. Jamieson said, but only six or eight responded.

The witness denied having met Bernard Baruch and Thomas Chadbourne in New York.

"Bernard Baruch was one of the largest contributors to the 1916 campaign was he not?" asked Senator Edge.

"The second largest, I believe, I think he gave \$50,000," Mr. Jamieson replied.

"How about Cleveland H. Dodge?" Senator Kenyon asked. "What did he give?"

"I have in mind \$75,000."

"And Thomas Chadbourne?"

"I think \$25,000 to the campaign and \$15,000 to the deficit left after it."

McAdoo Gave \$1,000.

"William G. McAdoo has been mentioned here. What did he give?"

"One thousand dollars to this campaign."

Senator Edge sought to disclose some connection between the democratic financial department and the Stars and Stripes, a Washington publication. Mr. Jamieson said his secretary, a Mr. Harks, was a stockholder in the magazine and the president of its board of directors, and that Mr. Parks, who was employed in the democratic financial bureau, was also interested in the paper. The Stars and Stripes, he said, had offices in the Bond building where his offices also were located until August 1, but there was no connection between the two organizations, he declared.

The committee will go to Pittsburgh to investigate charges that the liquor interests have contributed to various campaign funds, Senator Kenyon announced tonight.

KIDNAPING ATTEMPT GETS COURT MARTIAL

Governor Responds To Request By General Wolters and Has Tribunal Ordered

Austin, Texas, Sept. 1.—Adjutant General W. D. Copelin today under direction of the governor issued for a general court martial to convene at Galveston, September 7, to consider such matters as are brought before it. The order was issued in response to a request from Brigadier General Wolters that a court martial be named to try national guardsmen who are alleged to have attempted to arrest G. V. Sanders, editor of a Houston newspaper in Houston last Monday night.

Officers Under Arrest.

By The Associated Press

Galveston, Texas, Sept. 1.—Lieutenants J. A. Dempsey, Jule R. Smith and Robert E. Abbott, of the Texas National Guard, who attempted to arrest G. V. Sanders, editor of the Houston Press in Houston Monday night, were placed under arrest this afternoon by order of Brigadier General Jacob P. Wolters and confined at Camp Hutchings.

A general court martial to try the officers will convene Tuesday, September 7, it was announced at military headquarters.

Colonel Billy Mayfield, who had been sent a communication by the general commanding full responsibility for the attempt to arrest Editor Sanders at Houston, he gave the order, Colonel Mayfield stated, leaving the officers no alternative but to obey.

Captain O'Brien Stevens was appointed by General Wolters to succeed Colonel Mayfield as provost marshal.

CONTROL GAMBLERS AND MANIPULATORS

Is Recommendation of President Wannamaker As Remedy For Fluctuation of Prices

Montgomery, Ala., Sept. 1.—Measures to control bear gamblers, spot manipulators and the New York cotton exchange contracts, recommended by Skottowe Wannamaker, president of the American Cotton association, will be discussed by Dr. Bradford Knapp, dean of the A. and M. College of Arkansas, featured the open sessions of the organization bodies here today.

Sessions of the committee on price regulation failed to produce a report recommending a minimum price for the growing crop, but it was indicated tonight that this figure would be between 40 and 45 cents per pound with an additional one cent per pound per month after October 31, and December 1.

Dr. Knapp today declared an insidious propaganda was being waged in the north against the south and the cotton farmer, chiefly because the present democratic administration had fixed the price of wheat and left cotton alone.

Submarines Won Game.

Playing off a tie game yesterday afternoon at the Fair Grounds the Submarines defeated the Laundry boys by a score of 6 to 0. Lefty Jordan of the Subs gave up only one hit. Batteries were Jordan and Rushing for Submarines and Ellis, Minton and Humphries for the Laundry.

By The Associated Press

Austin, Sept. 1.—Letters urging that provision for ratproofing be inserted in all plans and specifications for the remodeling of old buildings, or the erection of new ones, have been mailed by C. W. Goddard, State health officer, to 150 architects in Texas. A number of replies, already received, contain promises of cooperation in the ratproofing campaign.

Police Don Caps.

The members of the police force donned regulation caps yesterday, the first ever worn by the officers in Paris, and it gives them a decidedly more metropolitan appearance.

Was Loaded With Wheat.

One of the five boxcars that were derailed near Brookston Tuesday was loaded with wheat, which was spilled and scattered along the track.

Left With Bunch of Negroes.

A man from Snyder, Scurry county, left Paris over the Texas & Pacific road Tuesday for that place with a bunch of eighteen negroes whom he hired to work at a compress.

Accommodated The Ladies.

Uncle John Scott, the elevator man at the courthouse, got a "sub" to work for him a few hours yesterday while he accommodated some ladies by robbing a beehive for them.

REPUBLICAN BOOK SECRETS LAID BARE

Wilbur Marsh Submits Photograph Copies of Entries Showing Large Contributors

By The Associated Press

Chicago, Sept. 1.—The William Barnes republican book bobbed up late today in the senatorial committee campaign expenditure inquiry. Wilbur Marsh, democratic treasurer, producing new copies of the photographs of alleged subscription lists.

Marsh suggested they violated the law against corporations subscribing to political campaigns and pointed to subscription of \$1,000 from the Hudson Coal company by L. R. Looney, president.

He also called attention to the name of Christian Fliegenspan, New Jersey brewer, who, he said, "the alien property custodian uncovered as having passed the money to buy one or two of the leading newspapers of the United States" during the war.

SNIPING NOW POPULAR WITH THE BELFAST PEOPLE.

By The Associated Press

Belfast, Sept. 1.—The troubles in Belfast today resolved themselves into sniping on an extensive scale. Only the Ballymacarrett district was not affected. The worst spot was in North street. The troops are being hampered by the curiosity of friendly onlookers, who persist in getting across their line of fire.

The Falls road orangemen continue in an aggressive mood.

Evictions are proceeding on a large scale and the Sinn Fein population of Ballymacarrett street has almost entirely departed, the bitterness of feeling being unabated.

An attempt to attack a Catholic church in Alfred street tonight resulted in an exchange of shots lasting for half an hour. Several persons were wounded before the military dispersed the combatants.

The total death toll in Belfast up to the present is twenty-five. There have been more than 200 persons badly wounded.

PUT CORN IN HOGS TO MAKE IT VALUABLE

By The Associated Press

Edinburg, Sept. 1.—Acting in the belief that corn prices will remain low for a long time, farmers in the Rio Grande valley have turned to hog raising with a view to making their corn pay them a greater dividend. While corn was exceptionally high hog raising for the markets in this section practically was abandoned.

The farmers finding it more profitable to sell the grain than grain-fed animals.

Banks are encouraging the hog-raising movement, one local institution having offered to lend money to any farmer wishing to use it for the purchase of hogs.

AN UNUSUAL SIGHT FOR THE TIME OF YEAR

J. A. McEwin of Caviness said yesterday that he never saw the like of putting up hay in his community, especially at this time of the year, as was going on at present. It was a very unusual thing, but the harvesting had been held back on account of wet weather. They were putting up millet, sorghum and prairie hay. He said he had nearly a thousand bales of hay cut and on the ground yesterday when it was threatening to rain.

Taken to the Hospital.

Sam Fuqua, superintendent of the First National bank building, who has been confined a few days to his room on the top floor by sickness, was removed to Aikin hospital yesterday. His illness is not considered serious.

EXPORT RATES ON COTTON ARE CONSIDERABLY LESS

Memphis, Tenn., Sept. 1.—A decrease of 4½ cents a hundred pounds in the export rate of cotton from Gulf ports to Havre, France, was announced today by E. L. Throgmorton, general agent for the American Overseas Forwarding company.

Export rates from Gulf ports to Liverpool and Manchester are off 15½ cents a hundred from rates recently quoted, Mr. Throgmorton said. On high density cotton the Havre rate is reduced from \$1.75 to 1.32½, and on standard bales from \$2 to \$1.57½.

First Advertising Car.

The first advertising car for the Ringling Bros. and Barnum & Bailey circus reached Paris yesterday, and after spending the day here went south over the Texas Midland to Greenville.

On Forfeited Bond.

Deputy Sheriff O. V. McDonald returned yesterday morning from

Hugo with a young man against whom a misdemeanor charge was pending, and who was alleged to have forfeited his bond.

Marriage Licenses.

Marriage licenses were issued yesterday to Wm. T. Bagley and Miss Elizabeth Brunson, Jas. W. Carson and Miss Mary L. Hopkins.

Caviness Meeting Closed.

The Methodist revival meeting at Mt. Tabor closed Tuesday night. There were a number of conversions while it was in progress.

Remodeling Home.

Mr. and Mrs. Homer Henry are remodeling their home on East Cherry street.

Perkins Bros COMPANY.

TODAY IS PAY DAY FOR MOST FOLKS—IS IT YOURS?

There is only one proper time to pay an account—when it is due. The merchant makes his arrangements based upon your promise to pay in accordance with your promise. If you fail you not only hurt your credit standing but you unintentionally undermine the whole retail business structure.

The credit customer rated as prompt pay must settle his accounts promptly to get such a rating. There is no favoritism shown. You make your own rating, good or bad, there is only one way in which each rating can be made, one is prompt pay and the other is indifference toward your obligations.

Yield not to the temptation to spend the money that you have promised to pay to your merchant today. You may think it is the easiest course to pursue and that your payment won't be missed, but you will be speculating on borrowed capital, which is always a dangerous practice.

PAY YOUR ACCOUNT TODAY. PROTECT YOUR GOOD NAME AND CREDIT BY KEEPING YOUR PROMISE TO YOUR MERCHANT.
